

AUTOMOTIVE SOLUTIONS

EQUIPTO

ONE DECISION • INFINITE SOLUTIONS

INCREASE EFFICIENCY

MAXIMIZE WORKSPACE

EQUIPTO®

When Dealerships think Automotive workspace solutions, Technician Bay design, Parts Room layouts, Service Counters, and Retail Displays, one solution comes to mind.

Equipto

For over 100 years Equipto has been a leader in supplying the Automotive Industry with the highest quality storage and workspace products available.

HOW THE DEALERSHIP BENEFITS:

- Maximize available workspace
- Increased Dollars Generated per sq.ft. of floorspace
- Increased Customer Satisfaction Scores
- Increased Quality of Service
- Increased Employee Moral

PARTS DEPARTMENTS

SHELVING & RACKS

Equipto's leadership position in Automotive Parts Departments is largely attributed to the reliability and versatility of **V-Grip™ Shelving** used in combination with **Modular Drawers**

HOW THE DEALERSHIP BENEFITS:

- Create a more efficient and reliable work environment
- Maximize storage capacity per sq.ft. of floorspace
- Boost inventory management
- Increased security
- Provides ergonomically acceptable small parts retrieval
- Increase bulk storage above and below units

GULF BREEZE FORD - GULF BREEZE, FL

"Equipto V-Grip™ shelving is a great product. We especially like the modular drawers in the shelving that we use for storage of small parts. Everything went smooth with the installation and we are very happy with the end result"

Mike W.,
parts manager

SHELVING & RACKS, (CONT'D)

Bulk Parts Storage:

- Accommodates bulk storage for large boxes, parts, etc.
 - Shelves feature load capacities from 1500-3000 lbs.
 - Longer spans store body parts, exhaust systems, and trim

Flexible Parts Shelving:

- Easily reconfigured
- Requires no hardware or clips
- Flexible design to handle light to very heavy loads

Small Parts Storage:

- Perfect for frequent size changes of items being stored
- Sliding dividers attach easily without hardware or fasteners and provide infinite adjustability left to right
- Units provide adjustability of shelves on 1^{1/2}" centers

Flow Rack/Battery Rack:

- Perfect for battery storage
- Single Flow Tracks, to ensure proper spacing
- Fitted with a front stop to prevent products sliding off

WESTSIDE AUTO GROUP - VOLVO/JAGUAR/LAND ROVER CLEVELAND, OH

"We really appreciate the flexibility of the Equipto shelving. It is very easy to reconfigure when we need to adjust the storage space."

Dave T.,
parts manager

STORAGE CABINETS

Equipto Modular Drawer Cabinets let you organize everything from the smallest hardware to the most demanding load.

- Available drawer capacity up to 400 lbs.
- Independent lockable cabinets increase security
- 100% drawer extension

Technician Tool Cabinet/Modular Double Bank Tool Cabinet

- Ability to combine drawers with a shelf
- 400 lb. drawer capacity
- Over 75 standard configurations

MULTI-LEVEL SHELVING AND MEZZANINE

HOW THE DEALERSHIP BENEFITS:

- Increase storage capacity by taking advantage of unused overhead space
- Double or even triple your existing floor space
- Increase dollars generated per sq.ft. of floorspace
- Decrease lost opportunity due to lack of space or insufficient inventory

3 Ways to take advantage of unused overhead space:

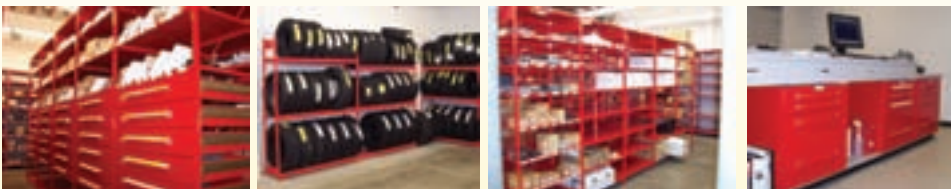

Mezzanine - used in parts departments when bulk storage is required on upper levels

Deck-Over - the lower level of shelving provides support for a complete second-level floor surface

Double-Deck - two-tier shelving units are provided with catwalks and railings between the aisles

DON MCGILL TOYOTA - KATY, TX

"I have experience with the other guys, but Equipto seems to be more solid, especially the drawers. We will be calling Equipto again to complete the entire mezzanine level."

David M.,
parts manager

SERVICE DEPARTMENTS

SERVICE AND REPAIR

HOW THE DEALERSHIP BENEFITS:

- Decreased repair turnaround time
- Increased customer visual approval
- Technicians take great pride in their work

Tech Bench - Technician Workcenter

- Modular design allows for infinite customizations
- Lower cabinets can conceal reel holders for air, water, lubricants, electric, or provide additional storage
- Upper cabinets offer space for service monitors and storage

275 Workbench - Technician Workcenter

- Fully Customizable

Other options include:

- Upper storage cabinets
- Stainless Steel Pegboard backing
- Lift motor control

Reel Tower

- Service 2 tech bays with one unit
- Store air, water, lubricant, and electrical hoses
- Use up to 6 reels and 2 outlets

Modular Drawer Workbench

- Combining work and storage space into a modular drawer cabinet workcenter

TOYOTA OF GREER - GREER, SC

"I was very pleased with Equipto's timely delivery and that the color of the products came out exactly the way I envisioned them."

Randy S.,
parts manager

SERVICE & REPAIR, (CONT'D)

Open Leg Workcenters

- Completely modular, designed for your application
- Wide variety to match any work environment

Closed Leg Workcenters

- Over 200 sizes and styles to choose from
- Tapered leg design improves ergonomics
- Available with or without lockable sliding doors

Teardown Bench

- Perfect for working on transmissions, small engines, and hydraulic components.
- Improves cleanliness by preventing spills in the work area
- Reinforced work surfaces will stand up to years of heavy use

Service Counter

- Clean and professional look you desire for your service department
- Perfect combination of workcenter and modular drawer cabinet
- Perfect for fast moving parts, increased efficiency

Tire Rack

- Flexible and economical tire storage system
- Support beams provide a rigid 3-point connection to V-Grip™
- Upright posts are adjustable on 1^{1/2}" centers to accommodate a variety of tire sizes

SPECIAL PARTS & OFFICE STORAGE

Equipto provides a wide variety of storage equipment for special size parts. No matter what the application, Equipto has a solution to fit your need.

HOW THE DEALERSHIP BENEFITS:

- Custom fit parts stored correctly eliminates damage and waste
- Easy and quick retrieval
- Decrease order pick times

Specialty Rack

- Perfect for those custom sized and shaped automotive parts
- Provide ample room to safely and securely store odd-shaped hoses, harnesses, mufflers and fenders
- Store large parts like, hoods, doors, and bumpers

Mobile Aisle

HOW THE DEALERSHIP BENEFITS:

- Save 50% of floor space and double storage capacity
- Free valuable floor space for other operations without sacrificing storage capacity
- Avoid the cost of expanding or new construction

Mobile Aisle units are great for doubling part storage capabilities. Easily organize thousands of parts for easy access and faster product retrieval, in half the space!

Equipto Workcenters

- Designed ergonomically for the 21st century, it's perfect for office personnel
- Full custom designed unit
- 6 work surfaces to choose from

A VARIETY OF AUTOMOTIVE SOLUTIONS

◦ MODULAR MEZZANINES

Increase storage with a Modular Mezzanine and take advantage of unused Airspace and double your parts department's storage potential.

◦ SPECIALTY STORAGE

Equipto has numerous specialty parts storage systems designed to meet your needs for every application. Store everything from mufflers to bumpers, or exhaust systems, with ease and accessibility

◦ PARTS STORAGE ROOMS

V-Grip™ shelving optimizes part storage with drawers, steel/wire shelves, reflective white side/back panels and bulk rack components.

◦ SERVICE COUNTERS

Service counters and workcenters are perfect for automotive office areas and come in a wide variety of sizes and colors.

◦ RETAIL DISPLAYS

V-Grip™ wire shelving and fixture components are perfect for dealer clothing and merchandise display areas.
