# Boltless Storage Rack For Archival Applications

**Equipto Boltless Storage Rack for Archival Applications** is the economical alternative to standard steel shelving and pallet rack. Designed for hand loading and unloading only, it is ideal for storage of archival “banker boxes”.

Equipto offers three pre-configured shelf kit sizes:

- 4 Shelves 32”d x 69”w x 84”h
- 5 Shelves 32”d x 69”w x 120”h
- 6 Shelves 32”d x 69”w x 144”h

You can also design your own units from components as shown on the reverse side of this *New Product News*.

Outstanding features include:

- Easy assembly with no tools, hardware or clips – double rivets on the crossbeams snap securely into place on the uprights.
- Unobstructed shelf access from any side – no sway or cross braces required.
- Wood or particle board shelf surfaces can be adjusted in 1½” increments with uninterrupted shelf spans of up to eight feet.
- 14 gauge steel components allow shelves to support up to 2000 lbs of product weight.

**Equipto Boltless Storage Rack is an economical combination of steel framing and wood shelving that is strong, easy to assemble with wide span openings. Contact your local Equipto Distributor today or call Customer Service at 800-323-0801.**

**Preconfigured Shelving Units:** *Frames only – wood or particle board shelves not included*

Catalog Number	Description	Weight
RSR-693284	4 Shelves – 32”d x 69”w x 84”h	94 lbs
RSR-6932120	5 Shelves – 32”d x 69”w x 120”h	122 lbs
