# Modular Drawer Cabinets

Organize everything from the smallest hardware and jewelry to large motors and sporting equipment. Every heavy-duty Equipto Modular Drawer Cabinet is engineered and manufactured with exacting precision for years of rugged use. The optional lock keeps your items secure. Utilize "more than one drawer accessibility"

**Industrial, Military, Educational, Institutional, Automotive; no matter what your application, Equipto modular drawer cabinets save space, time and money!**

## Applies to 30" and wider cabinets

- Organized
- Fast retrieval
- Save time
- High density
- Rugged 12 gauge steel frames
- Up to 400 lb. drawer capacity
- Protect valuable tools
- Centralized control of equipment
- No assembly
- Custom units
- Cabinet lock and key are optional (pg. 69)

Each drawer is ribbed and slotted (3/4" centers) over the length and width of the drawer. Convenient numbered spacings simplify installation of partitions, and label holders permit quick identification of drawer contents. When fully extended, 100% of the drawer clears frame to allow unobstructed viewing of entire drawer contents. The interchangeability of drawer partitions and dividers permits changing drawer interiors easily - as you need to, and in unlimited patterns.

10-gauge side channels form a solid rail for mounting drawers.

Two positive-gravity stops riveted to each drawer carriage.

Adjustable channels permit flexibility in drawer arrangements and heights.

Independent, full extension carriage for each drawer; when fully extended, 100% of drawer clears frame.

"Z" shaped tracks on drawer edges are welded and wrapped under drawer bottom for superior durability.

Drawer suspensions glide on 6 ball bearings and 4 steel idler rollers to assure smooth, easy operation.

An integral fork lift base consisting of two 1<sup>3/4</sup>" x 6" lifting channels arc-welded to the frame itself, permits inserting truck forks into wide channels for safe, easy transport of cabinets - even when fully loaded!

### Anchor bolt

These bolting options allow you to anchor a modular drawer cabinet to either concrete or wood floors.

**Power Center #229-4**

**Leveler Kit**

**Part No. 10067 - 2 per lift channel required**

Equipto announces a leveling feature for modular cabinets. Developed for applications where floors are uneven, the leveling device provides 5/8" of vertical adjustment with a 15-degree swivel foot offering optimum stability. Rated at 1,500 lbs. of static loading, each leveler can accommodate the most stringent loading requirements.

**Partitions**

Ribbed and slotted partitions fit neatly into drawers, running full depth of drawer from front-to-back. Adjustable in 3/4" increments, they may be used alone, or with dividers. Metal screws supplied for fastening to drawer bottoms. Since some drawers are symmetrical, partitions may also be used from side-to-side.
