

We're excited to announce a new District Sales Manager for your area!

# EQUIPTO®

## Equipto Information Release

Greetings,

My name is Bobby Wyncarczuk, and I am the **NEW** District Sales Manager for the Southeastern USA Territory. The area I service includes Georgia, Florida, Mississippi, Alabama, and Tennessee. I've been working with the Equipto Team for 4 years, and I would like to take a moment of your time to introduce myself. I live on the western coast of Florida, with my office location established in the beautiful Sarasota/Bradenton area.

I started with Equipto in 2012, building company product with our installations team. We installed product in over 38 states and several countries, for many highly satisfied commercial & government sites. Then, in 2013, I joined the customer service team as an Inside Sales Representative.

Your current district representative, Kelly Kellams, has been a great asset to Equipto as a Commercial/Government sales manager for the Southeastern USA area. With the growing demand for our product, Kelly is now focusing primarily on the government market, while I have been given the honor of handling the commercial industrial market.

Equipto takes pride in providing top quality products and services that fit almost any customer's needs:

- 100% US Materials and Manufacturing
- On site consultation and project assistance
- Industry exclusive Equipto employed installation team
- Small Business Classification
- Sterling past performances
- Over a century of company history

Every industry strives to optimize their performance and minimize disorganization; it's the foundation of any great company. It is our goal to help you customize the most effective workplace, by providing you and your customers the best storage solutions in the industry.

Please visit our website, [www.equipto.com](http://www.equipto.com) and feel free to contact me for any information. I look forward to our future opportunities!

Thank you for your time,

**Bobby Wynarczuk**

*District Sales Manager for Southeastern Region*
