

NOT EVERYTHING BELONGS IN A DRAWER

Has your storage provider got you boxed in? Why don't you let Equipto show you why there's more to storage solutions than boxes. Because we at Equipto know that not everything belongs or even fits in a drawer. That's why we have shelving and racks, cabinets and carts, shelving with drawers if needed, and much more. And yes, if the application calls for it, we have boxes too.

V-Grip™ industrial strength storage units are designed to be unmatched in structural integrity with the industry's broadest range of options, including drawers and shelving in the same unit, to meet virtually any need.

With Equipto we provide storage solutions for everything, whether it fits in a drawer or not. In Industrial, Automotive, Military and Office applications, Equipto will work with you from start to finish to ensure

you get a storage solution that fits your needs. Equipto Approved Installers can also make the project a reality to your facility.
