The industry leader in space storage and utilization products!

EQUIPTO®

ONE DECISION • INFINITE SOLUTIONS

Equipto - is ready to become your partner in space storage and utilization products!

Recognized for innovation, quality and service, Equipto storage equipment is proudly manufactured in Tatamy, PA. Equipto's employee philosophy is to make it as simple as possible to do business with them.

It all began in 1907, when Thomas M. Dunham began developing motorcycle headlights and sidecars in Aurora, Illinois. With the increase in automobile production, motorcycle parts soon were not in such high demand, so Equipto began producing body parts for Ford Motor Company's Model T Chassis. As the relationship with the car industry flourished, Dunham began hearing other needs within the automotive industry. One car dealer needed heavy-duty shelving to store large, heavy car parts and the idea for space storage and utilization was born.

As the company continues to be innovative, new products and systems are constantly being designed and brought to the market. Equipto can be your single source for the largest offering of Innovative Storage Solutions. Products we proudly manufacture include: Shelving and Racks, Modular Storage Cabinets, Small Parts Storage Systems, Mobile Aisle Storage Systems, Platforms and Mezzanines, Stairways and Crosswalks, Workcenters and Workbenches, Storage Cabinets, Transport Carts, and Military Storage Systems. Equipto manufactures a high quality product for which we proudly stand behind and provide a limited lifetime warranty.

After more than 100 years, Equipto's customer base reaches across the U.S. and into many markets. As Equipto continues to grow and introduce new product lines, customers can expect the same innovation and quality that has made Equipto what it is today:

"The industry leader in space storage and utilization products!"

| Equipto's Vision |

Our company vision is to be recognized by our customers as a world-class supplier of industrial storage designs and solutions.

With the broadest line of storage solutions, our goal is to develop long-term partnerships with our customers as their storage requirements continue to expand and evolve.

We will accomplish this by:

- The best people, who are customer focused and driven.
- The best engineered products, which stand alone or are integrated into a system.
- Consistent production of superior products.
- Highest brand recognition and preference in the marketplace.

Design Benefits & Features

Industry leader in structural integrity.

Exclusive V-Grip™ compression design.

Precision engineered for reliable performance.

Flexible selection of standard components.

System components are adjustable for convenient reconfiguration.

Durable enamel paint finish.

Accommodates high-rise and multi-level applications.

Space Utilization Advantages

V-grip with modular drawers increases small parts storage density.

V-grip on mobile aisle eliminates wasted aisle space.

Double deck V-Grip uses wasted overhead space.

Market Applications

Manufacturing - parts/supplies, maintenance, R and D, tool room.

Automotive - parts department, service areas, bulk parts, archival records.

Education - athletic department, maintenance, supplies.

Retail - backroom storage, merchandise display.

Government - military bases, vehicle & flight maintenance, supply departments.

Healthcare - pharmacy, supplies, maintenance.

Law enforcement - property and evidence, supplies.

V-Grip™ Shelving

At the heart of Equipto's engineered space solutions is V-Grip, an industrial shelving system design that is unmatched in structural integrity and provides the industry's broadest selection of accessory components to meet virtually any application.

- V-Grip upright posts have an exclusive triangular design that maximizes load-bearing capability while providing a smooth front surface without unsightly holes or hardware.
- Combine V-Grip components to meet specific applications:
- Heavy duty steel shelves
- Wire shelves for better flow of light and air
- Versa rack shelf beams accommodate wood, wire or steel shelves
- Modular drawers in 48 different sizes with a capacity of 200 or 400 lbs.
- Use full or partial height dividers to create custom storage bins
- Bulk rack options including solid or wire shelves with spans up to 8 feet and capacities up to 3400 lbs. per level
- Reflective white back and end panels
- Consult Equipto Inside Sales if you are in a seismic zone

Multiple connected V-Grip shelving units are shown below.

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

The Versatility of the V-Grip™ Upright Post

One post - 10 shelf options

Wire rack truss is designed with a rigid 3-point connection for maximum rigidity.
(see page 11)

Bulk rack beams with reinforced waterfall wire decking in a wire deck application.
(see pages 21)

Bulk rack beams with reinforced drop-in wire decking.
(see pages 22-25)

Bulk rack beams with heavy duty 18 gauge corrugated steel deck panels.
(see pages 22-25)

Versarack shelf beams with 24 gauge corrugated steel deck shelf.
(see pages 18-20)

Wire shelf with integrated wire truss for maximum rigidity.
(see page 6, 11 and 14)

Heavy duty 18 gauge solid steel shelf.
(see page 14)

Modular drawers come in 48 standard sizes in 200 lb. and 400 lb. capacity.
(see pages 15-16)

Versarack shelf beams with drop-in wire shelf.
(see page 18)

Versarack shelf beams with 5/8" particleboard shelf.
(see page 18)

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

V-Grip™ Shelving features the most efficient fastening principle known:

Corner shelf reinforcements with extruded studs insert easily into tapered slots in uprights. Shelf corner drops firmly over corner reinforcement and seats itself. Four-way, crossed tension minimizes deflection, and imparts superior strength and rigidity to the unit.

Double-flanged V-Grip uprights allow easy side-by-side assembly of shelving in rows, with the strongest configuration. Each flange of the upright supports a shelf from one adjoining unit only.

Heavy duty V-Grip shelves are constructed of 18-gauge steel, and double-flanged on all four sides for maximum strength and firmness.

Common upright clamp provides back-to-back reinforcement.**

Optional drawers maximize cubic density in V-Grip shelving.

Versatile V-Grip uprights

Permit practical back-to-back assembly of shelving units, with the same, strong reinforcement that actually strengthens shelves and uprights, yet permits their easy adjustment, and features a capacity up to 9000 lbs.

Shelves adjust instantly on 1 1/2" centers, without disturbing shelves in adjoining units.

Corner reinforcement inserts into upright; shelf simply fits down over it, and locks into place.*

Tapered slots in uprights accept corner reinforcements for 4-way shelf support.

Double-flanged upright avoids two shelves from adjoining units placing stress on a single flange.

* Shown in color for clarity, actual part is zinc plated.

** Shown in color for clarity, actual part is galvanized steel.

V-Grip™ Spill Containment System

Utilizing our V-Grip™ wire shelving and our drip containment system, you can now have shelving fully capable of containing the occasional drip or spill from any fluid you need to store. At the same time, get the benefit from multiple levels to increase your storage capacity — no longer do you have to keep all of your fluid containers and drums on the floor. Available for four of our most popular shelf sizes.

Pre-configured wire shelving with spill containment trays
(all 84" tall shelving units with 4 shelves and trays)

Width	Shelving Depth	Height	Starter	Add-On
36	18	84	43878-01S	43878-01A
36	24	84	43878-07S	43878-07A
48	18	84	43878-08S	43878-08A
48	24	84	43878-09S	43878-09A

Spill tray only

Part No.	Shelf Size	'A'-Length of pan	'B'-Width of pan	Capacity
43878-01	36 x 18	34	16	5 Gallons
43878-07	36 x 24	34	22	6.5 Gallons
43878-08	48 x 18	46	16	6.5 Gallons
43878-09	48 x 24	46	22	9 Gallons

Spill pan is 2 1/4" deep and hooks under a wire shelf.

V-Grip™ Shelving with Drawers

Combining modular drawers with V-Grip™ shelving optimizes flexibility by providing an ergonomic approach to storing a mix of small and bulk items. Placement of drawers between the knees and shoulders reduces the reaching and bending required of conventional storage cabinets, while providing space for bulk storage above and below drawers.

All new part numbers with enhanced 200-lb. and 400-lb. drawer slides.

- 48 different drawer sizes
- 36" and 48" widths
- 18" and 24" depths
- Drawer heights from 3" to 13 1/2"
- 200 and 400lb. drawer capacity
- Each drawer has individual rigid mounting brackets for 100% flexibility of drawer location
- Drawers available with or without divider sets
- Drawers include handles with integral plastic-covered label holder

GOLDZONE

The same versatile V-Grip™ design that gives you the flexibility to add wire shelving and lockable cabinets can also be configured so that all your modular drawers are between your shoulders and knees, or "GOLD ZONE". Consequently, there's no squatting, stretching or straining to store and retrieve parts and tools.

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

*All units come with 5 solid shelves. Optional wire shelf is shown in unit pictures.

For additional shelves please see page 14. No Divider Kits included, refer to page 15 and 16 for Divider Kit options.

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

60" Wide V-Grip™ Bulk Rack Drawers

30"D x 60"W x 84"H with 3 Levels (solid steel decking), Closed Ends/Backs

1. Shelving unit components

Starter Unit - 4200BHS		Includes
QTY	Part #	Description
4	5007	84" V-Grip Upright
4	810530	30"x42-3/4" End Panel
2	810460-1F	60" x 42" Flat Back Panel
6	9435	60" Light Duty Beam
3	16355	30"Dx60"W Solid Decking Level
3	13114	Tek Screw
3	6525	30" Tie Bar
2	190319A	LH Seismic Anchor
2	190320A	RH Seismic Anchor
1	831515-2	SATS Spacer Bar 5ft Pair

Add-on Unit - 4200BHA		Includes
QTY	Part #	Description
2	5007	84" V-Grip Upright
2	810530	30"x42-3/4" End Panel
2	810460-1F	60" x 42" Flat Back Panel
6	9435	60" Light Duty Beam
3	16355	30"Dx60"W Solid Decking Level
3	13114	Tek Screw
3	6525	30" Tie Bar
2	190317A	Center Seismic Anchor
1	831515-2	SATS Spacer Bar 5ft Pair

There are **3** restrictions that will have to be followed when placing these drawer bodies in the bulk rack unit. **One**, to minimize the gap between the top of the drawer front and the bottom of the beam, a **4-1/2" or larger drawer must** be placed at the top position. **Two**, the light duty beams must be used in the 60" drawer in shelving applications. This is due to the height of the beam. **Three**, spacer beams are required; they will go in between the drawer configuration located approximately 36" from the bottom. #831515-2 comes in pairs assembled like the beams - one in front and one in back. You only need one pair per unit.

2.

60"W Drawers		400 lb. Capacity
PART NUMBER	DESCRIPTION	
8653-10S	3"H Drawer (cannot be in top position)*	
8654-15S	4.5"H Drawer	
8655-20S	6"H Drawer	
8656-25S	7.5"H Drawer	
8657-30S	9"H Drawer	
8658-35S	10.5"H Drawer	
8659-40S	12"H Drawer	
8660-45S	13.5"H Drawer	

*To minimize gap beneath beam as designated above.

The drawer is the same 60"-wide drawer that is used in our modular cabinets. Only 400 lb. capacity is available.

V-Grip™ X-Ray Shelving

84" high x 36" wide x 18" deep

Starter	Add-on	Extra divider
908D	908DA	8091

- Unit design provides smooth surfaces to eliminate torn or snagged file folders
- Unit includes 15 dividers
- V-Grip™ design allows easy addition of add-on sections

V-Grip™ Wire Racks

(1,000 – 1,500 lbs. per tier)

V-Grip Wire Racks provide the ideal solution when storing medium to heavy loads in an environment where air and light flow are important. Wire trusses provide 3-point rigid connection with V-Grip upright post for maximum rigidity without use of sway braces for a cleaner look and easier installation.

Wire Rack

V-Grip™ Wire Rack Components

Wire rack truss beam (W x H)

Description	Part No.

V-Grip™ Shelving Carts

- Instant mobility
- Open wire construction promotes high visibility, letting light and air pass freely
- Rugged and easy to use
- Handles the most demanding jobs
- All units have two brake and two rigid casters
- Casters are not recommended for units over 66"H

V-Grip™ wire cart with triangular open slotted upright (painted)

Equipto Carts are heavy duty to handle the toughest jobs. For Perimeter Bases see page 17. Handle is standard reflective white.

V-Grip™ wire carts - Casters are not recommended for units over 66"H

V-Grip™ Shelving Components

Designed and engineered for maximum interchangeability, V-Grip™ components carry the quality assurance that has made Equipto the leader in industrial shelving systems. All parts and accessories are designed and produced by Equipto to integrate and form a solid compression fit resulting in a storage system that is guaranteed to deliver years of reliable service.

V-Grip™ shelving components

Structural Integrity comes from the integration of Equipto's exclusive V-Grip™ upright post and heavy-duty, compression-fit components.

When ordering V-Grip shelving by component, remember:

- 1) To include 1 shelving end for each section of shelving and 1 shelving end to terminate each row.
- 2) Back sway braces and solid back panels can be shared between back-to-back units.
- 3) Closed shelving ends and solid back panels are finished in standard reflective white paint to enhance visibility in parts storage areas.
- 4) V-Grip™ shelves are heavy duty, 18-gauge steel and are provided with 4 corner clip reinforcements per shelf, which provide a friction fit to V-Grip™ upright posts.
- 5) To link open back to back shelves use 10381 clamps.
- 6) Consult Equipto Inside Sales if you are in a seismic zone.

*For use with 42" uprights

V-Grip™ shelving components

EQUIPTO's exclusive Wire Shelf design combines wire truss supports with a heavy-duty waterfall shelf to provide:

- Increased visibility of items on upper shelves
- Better flow of air, light, & sprinklers
- Capacity equal to heavy-duty 18 gauge solid steel shelves
- Shelves are 1 1/4" thick

Modular Drawers

Maximize density with drawers for V-Grip

- 100% drawer extension
- 36 and 48 inch widths; 18 and 24 inch depths
- 200 and 400 lb. capacity

Modular Drawers in V-Grip Shelving

Standard installation of V-Grip shelving drawers leaves a 1/4" space between drawer and the shelf directly above. To close this gap, select the appropriate filler strip:
For 36"W drawers: 7702 For 48"W drawers: 7702-48

Important ordering considerations:

- When selecting divider kits select the correct height of partitions and dividers for specific drawers being ordered
- All dividers are smooth office gray in color

Close the top of any V-Grip Bulk Rack upright. Easy to attach - simply tap its triangular base into the upright. May also be used as floor glide to protect all floors. Made of high-impact plastic, it will withstand any load within the capacity of the upright itself.

Top/bottom cap

Description	Part No.
Top or Bottom Cap/White	10177W
Top or Bottom Cap/Black	10177B

Ribbed and slotted partitions fit easily into drawers, running the full depth of the drawer from front-to-back. Adjustable in 3/4" increments, they may be used alone, or with dividers. Metal screws are supplied for fastening to drawer bottoms.

Partitions

Partition Height	To Fit Drawer Height	To Fit 18" Deep Drawers	To Fit 24" Deep Drawers
2"	3"	8780N	8790N
3"	4 1/2"	8781N	8791N
4 1/2"	6" and up	8782N	8792N

- All partitions are smooth office gray in color

To further expand the possibilities in creating your own drawer design, we offer a variety of individual dividers. Use them with front-to-back partitions to make compartments of all sizes. Spaces across drawers; each 3/4" wide
36" wide drawers — 40 spaces
48" wide drawers — 53 spaces

Brackets (flush front 7700 L & R and corner 7698 L & R) allow easy attachment of catwalks to V-Grip™ uprights.

Floor anchor fastens shelving to floor for increased stability. order no. **7695L** (left hand) or no. **7695R** (right hand). Seismic floor anchor (center) **190317A**.

V-Grip™ Versarack

- Versarack provides the reliability and flexibility of the V-Grip™ upright post and the choice of particle board, wire, or steel deck shelves.
- Fast and easy assembly.
- Ideal for bulk parts, archival records, and back room storage applications.
- Versarack offers easy assembly and clear spans for double-entry units.

Shelf reinforcements provide additional capacity for particleboard and wire shelf applications.

Low profile shelf beams are $1\frac{1}{2}$ " high and adjustable on $1\frac{1}{2}$ " centers.

Shelf beams have a 2-point wedge lock connection for maximum rigidity.

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

V-Grip™ Versarack - Preconfigured Units

Decking: second “-” in catalog number designates no decking. Substitute “P” for particle board decking, “D” for corrugated steel decking, or “W” for wire decking.

Side and back panels are not available with Versarack

V-Grip™ Bulk Rack

V-Grip Bulk Rack is designed to accommodate longer spans and heavier loads than conventional shelving. Bulk Rack beams engage V-Grip upright posts providing a rigid connection. Bulk Rack levels are designed to carry load capacities from 1500 lbs. to 3000 lbs. per level, depending on beam span length and deck material used.

The units to the right are shown with optional wire decking for the top shelf and corrugated steel decking unit for the bottom shelf.

*Posts for units over 12' high are spliced.

DECKING: "D" in Catalog number represents Corrugated Steel Decking. Substitute "W" for drop in Wire Decking or "-" for no decking.

Bulk Rack shelving options

Solid beams

- 3 lugs on each beam connector locks securely to post
- Adjusts on 11/2" centers

Drop In Wire decking

Capacity to 2667 lbs.

- Lets air, light and water pass through
- Offset between beam and wire shelving is .2625+/- or just over 1/4"

Solid shelf

Capacity to 2763 lbs.

- Solid corrugated steel
- Versatile: Use ridge side up or flat channeled surface

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

Bulk Rack load capacities

Rack Capacities

Rack end capacity is not a factor under most circumstances. However, if you intend to space beam levels unusually far apart, check your plan to insure that the cumulative load on the lower portions of each rack end is within the limits shown on this chart. Rack ends are designed with a safety factor of 1.92. Horizontal beams are designed with a safety factor of 1.65.

Load Capacities of V-Grip Bulk Rack solid beams

Light Duty*

Width	Beam Height	Capacity(lbs.)	Part No.
4'	25/8"	1460	9434

7'	33/4"	2667	830284H
8'	33/4"	2667	9458

*Capacities are in lbs. per pair of beams

Flow Rack

- Extremely versatile rack on which multiple size containers or batteries can be stored
- Tracks allow for easy movement
- Each flow track is equipped with a front to keep products from sliding off
- Flow racks can be angled for gravity feed

Part No.	Description	Size (D x W x H)
FR1	5 Shelves/15 Span Tracks	48" x 48" x 84"
FR2	4 Shelves/12 Span Tracks	48" x 48" x 72"
FR3	4 Shelves/12 Span Tracks	36" x 60" x 72"
ST1536	One Roller Track with Hardware	36" x 15"
ST1548	One Roller Track with Hardware	48" x 15"

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

Load Capacities of drop in wire grid decking (for solid beams)

EQUIPTO

Length	Depth of rack	Capacity(lbs.)	Part No.

Note: To determine shelf level capacity with decking, use beam or decking capacity, whichever is less.

V-Grip™ Bulk Rack shelving components

Designed with versatility to fit your needs

- Accessories to expand units higher
- Ability to mix rack with shelving
- Built-in capability for future expansion
- Plywood or other decking supplied by user: 5/8" thick

Rack Accessories

Description	Part No.
Clamp for fastening units back-to-back; 2 needed per pair of frames	10381
Dart clip for locking down beams — 2 needed	13037

Label Holder

A neat and easy way to identify records or supplies.
Part No. 6620.

Floor Anchors (one for each post)

Fasten racks to floor for increased stability.

(Must be used when bottom beam is more than 12" from floor.)

7695 L&R (optional 190317A Seismic Anchor for Center)

7695 L&R

190317A

Close the top of any V-Grip Bulk Rack upright.
Easy to attach - simply tap its triangular base into the upright. May also be used as floor glide to protect all floors. Made of high-impact plastic, it will withstand any load within the capacity of the upright itself.

Top/bottom cap

Description	Part No.

Top or Bottom Cap/Black	10177B

Foot Plate

Fits under uprights to protect linoleum or wood floors, or to act as shim on uneven floors.

Flush Front and Corner Brackets

Attach catwalks to racks.

Part No. 9826

7698 L&R

7700 L&R

V-Grip™ Tire Rack

V-Grip Tire Racks provide a flexible and economical tire storage system. Tire Racks are available in various heights in either a stationary or mobile configuration. Support beams provide a rigid 3-point connection to V-Grip upright post and are adjustable on 1 1/2" centers to accommodate a variety of tire sizes.

Tire racks are adjustable for all passenger car sizes of tires and rims. If you require shelving to fit truck tires please contact Equipto Inside Sales.

Racks hold 7 to 10 tires Each level 15"D x 60"W

All equipment assembles as shown, with cross beams locking into uprights. Beams are adjustable on 1 1/2" centers. All tire racks are furnished with brackets which may be used to anchor to wall or back-to-back. Floor anchors are provided for all starter and add-on units.

Beam-to-Post Connection

Strong, V-Grip uprights with tapered slots accept 3 lugs on each beam end to lock post to beam firmly, without fasteners.

Zip-In Shelving

Equipto's Zip-In shelving is the ideal solution when there is frequent change in the size of items being stored and the ability to easily change the vertical clear opening of each shelf location is a prerequisite. Zip-In shelves simply slide in and out of the unit without unloading or removing adjacent shelves. Back panel is white. End panels are the color of the unit.

Zip-In shelving units provide adjustability of shelves on 1 1/2" centers.

Zip-In shelves adjust easily by sliding shelves in and out of the system.

Sliding dividers attach easily without hardware or fasteners and provide infinite adjustability left to right.

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

Part No. 3010

Part No. 3012
shown with 27 openings

Zip-In units

(All units are 84" high x 37 1/8" wide x 12" deep)

Part No.	Description
3020	With back: Shell only - order parts from list
3022	With back; 9 openings, 9" high
3010	With back; 21 bins: 18 - 12" x 12"; 3-9" x 12"
3012	With back; up to 36 openings, 9" x 9"

Zip-In components

(All units are 84" high x 37 1/8" wide x 12" deep)

Part No.	Description
6098	Shelf 36" wide
6098L*	Shelf 36" wide, with label holder
6099	Bracket to attach two units side by side
10047	Shelf front channel reinforcement
8145	Divider 3" high for opening 4 1/2" or higher
8146	Divider 4 1/2" high for opening 6" or higher
8147	Divider 6" high for opening 9" or higher
8505	Drawer 5 5/8" x 3 1/8"
8720	Drawer straight divider

*6098(L) will carry 242 lb. evenly distributed load

Sliding divider

Hooks into shelf holes and snap-locks into place on 1" centers without interfering with label holders.

Supports to use when supporting deckover platforms over Zip-In Shelving

Part No.	Description
41327-01	Vertical support 87" high painted
41327-02	Corner support 87" high painted
41327-03	Vertical support 96" high painted
41327-04	Corner support 96" high painted

Equipto Label Holder

is a neat and easy way to identify records or supplies.

Part No. 6615

Shelf drawer

6 across fills Zip-In Shelf.
Order drawer divider separately.
Part No. 8505

If adding drawers, 2 No. 9213 per shelf are also required.

Iron Grip® Shelving

The heavier the load the tighter the grip!

Equipto Iron Grip® features the strongest, most resourceful system.

- Quick shelf placement without tools; just a simple, solid steel stud at every shelf corner.
- Independent unit concept is engineered for strength, and is infinitely adjustable for custom fitting to your specific needs.
- Iron Grip shelving provides superior strength for heavy applications
- Add drawers, dividers, bin fronts, bases or doors for your specific applications
- The largest upright anywhere, with a heavy gauge stud in each shelf corner which locks a double thickness of metal together
- Stud grip increases as additional weight is added to shelf

Heights: Iron Grip shelving units come in 84" height, 38^{5/8}", 43^{1/8}", 60", 72", 96", 120" and 180" high units are also available. Any other heights by special order.

Specify desired height; we'll provide a prompt quotation.

PLEASE NOTE: This shelving is not interchangeable with V-Grip.

Superior Iron Grip strength automatically provides crucial 4-point reinforcement to shelves.

The tapered stud engages a sloped, key-shaped hole in the upright for instant binding strength.

Built to last. Studs are plated; other parts have oven-baked enamel surfaces, and all formed from prime rolled steel.

Durable 18-gauge shelves feature box-formed edges on all four sides. Adding 13-gauge, U-formed channels (3/8" x 13/32") provides extra strength reinforcement on heavily loaded shelves. For heaviest use, also add end and center channels. Angles (1" x 1") made of 1/8" thick carbon steel provide optional reinforcement at the ends.

High visibility panels

Equipto furnishes high visibility white back and end panels on Iron Grip shelving units, regardless of the color of other. Standard color on Iron Grip shelving is office gray with white panels. Optional decorator colors will also be shipped with white panels unless you specify otherwise.

Part No. 10392

- 1" x 23/8" uprights (13 gauge), are the largest anywhere. Side embossing adds even more strength and rigidity to the unit
- Iron Grip shelf studs allow adjustment of shelves instantly on 1 1/2" centers
- Front and rear shelf flanges extend around the sides past keyhole. Steel stud binds both flanges to upright
- Dividers adjust on 1" centers with Speedy clips on 36" wide shelving (3" centers on 48" widths)

Shown in color for clarity, parts are actually zinc plated

Iron grip key

Fasten any two shelving units together quickly and easily. Easy-access keys remove just as simply, allowing rearrangement of any unit without disturbing adjacent units
U.S. patent No. 2,824,775

Use Iron Grip shelving in a variety of configurations: free-standing; side-by-side; back-to-back; or arranged in efficient work centers. Each shelf unit has four uprights.

Part No. 10394

- Reinforced shelf capacities up to 2000 lbs. per shelf
- Non-reinforced shelf capacities of 700 lbs. per 36"W shelf
- Remarkable Iron Grip strength
- Modular system allows quick adjustment of individual shelves as well as units
- Largest, sturdiest upright anywhere
- As the shelves are loaded, the unit strength increases
- Reflective white back and end panels are standard, regardless of shelf color

Closed Shelving Units

Note: Starter unit has 2 closed ends; additional unit has 1 closed end.

Economy Shelving

EQUIPTO Economy Shelving is available in either open or closed styles and is ideal for cost-effective storage of packaged goods or bulky items. Economy Shelving is not interchangeable with V-Grip or Iron Grip. 20-gauge shelves are supported by adjustable compression clips, have multiple edge bends for strength and can support up to 450 lbs. of evenly distributed load. Shelves can be height-adjusted in 1" increments.

Pre-engineered 5 shelf starter units are available with shelves in 36" and 48" widths and 12", 15", 18" and 24" depths. Unit heights are 75" and 87". 5-shelf starter units can be expanded with any number of 5-shelf add-on kits, now or in the future.

Boltless Storage Rack

Equipto Boltless Storage Rack is the economical alternative to standard steel shelving. Designed for hand loading and unloading only, it is ideal for automotive supplies, parts, warehouse materials, paint, batteries and just about anything else you need to store.

Preconfigured shelving units:

Frames only - wood or particle board shelves not included

Part No.	Description	Weight
RSR-693284	4 Shelves - 32"D X 69"W X 84"H	94 lbs
RSR-6932120	5 Shelves - 32"D X 69"W X 120"H	122 lbs
RSR-6932144	6 Shelves - 32"D X 69"W X 144"H	146 lbs

Equipto offers three pre-configured shelf kit sizes:

- 4 Shelves 32"D x 69"W x 84"H
- 5 Shelves 32"D x 69"W x 120"H
- 6 Shelves 32"D x 69"W x 144"H

You can also design your own units from components.

Specific to only Boltless Storage Rack shelving.

These do not fit other Equipto shelving with particle board shelves.

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

Bar Racks

Equipto Bar Racks are ideal for storing long and bulky parts as well as pipes. Each arm carries 325 lbs. Choose 3', 6' or 8' widths, to support parts as needed.

- Specialty bar racks
- Single or double face
- Two heights, three widths, two depths
- Use individually or in rows
- Shelves optionally available.
- Capacity 650 lbs. per level

Bar Racks are the effective answer to organizing steel — or any other items that don't need shelf support. Slotted angle, pipe, tubes, bars — Equipto Bar Racks hold them all. With no wasted space and absolutely simple access. Note: Be sure to order a rack end to finish each row.†

Shelves (12" x 36") fit between rack arms to hold long and short products in same unit.

Single-faced rack with end can be used free-standing to hold slotted angle, pipe, bars, etc.

Why try to maneuver those special items in and out of shelving, when they don't need to be there in the first place? Solid steel Equipto Bar Racks are specially designed for just those items. Single or double-face bar racks in a range of heights and widths can be used individually or in rows. You can even add a shelf here and there for items too short to reach between rack arms.

Accessories

Heavy Duty Bar Racks

The innovative, space-saving answer to organization of a wide range of long items, with a capacity of up to 12,000 lbs. per unit! Choose single or double-faced designs in 18 different sizes for your best application. Available in three widths, three heights and two arm lengths - all adjustable, and designed for economical, common upright performance.

- Ideal for long, difficult-to-organize items
- Organizes and protects valuable bar stock, pipe, lumber, conduit, steel angle, tool steel and more
- High capacity and high strength
- Adjustable on 2" centers
- 18" arm holds 1,000 lbs, 30" arm holds 500 lbs.,
- each frame up to 12,000 lbs.

Single-faced Rack
1043-48

Note: 8' high units have 5 levels; 10' and 12' high units have 6 and 7 levels respectively.

For additional arms, order:

Extra 18" arm: 1046-18

Extra 30" arm: 1056-30

A complete rack includes one or more units and a rack end.

12'-0"	1052-48	1052-72	1052-99	1052

Note: Be sure to order a rack end to finish each row.

Note: Limit 6 arms per upright. Capacity: 18" arm-1,000 lbs. each; 30" arm-500 lbs. each.

Hand loading and retrieval is fast with easy access from either side of rack.

Power trucks can load heavier items on rack with access from either side.

Reel Racks

Organize reels of cable and supplies, making them easy to retrieve. Equipto Reel Racks hold up to 2000 lbs. per level, and up to 12000 lbs. per rack. (Reel Rods not included.)

Racks hold small to large reels on both sides — safely. And you can move them easily by hand or fork lift truck.

- High capacity free standing A-frame racks
- 96"-120"-144" heights
- Rack is 26" deep at the base
- 12000 lb. capacity
- 3" x 3" vertical posts with mounting holes
- Adjustable cross beams on 2" centers with automatic safety locks
- Rack end required for each row of units

• Pairs only.
Reel holders accommodate axles up to 2³/₈" O.D.

Rack with two pr. reel holders Rack with three pr. reel holders Rack with four pr. reel holders Rack with five pr. reel holders

Shaft Size	Capacity	Part No. (pr.)
To 2 ³ / ₈ " O.D.	2000 lbs.	78218RH

Pipe not included. Secure standard schedule 40 pipe (up to 2" nominal) from your local plumbing supply. Use 47" pipe length for 48" wide rack; 71" pipe for 72" wide rack. Reel holders are adjustable on 2" increments to hold multiple reels.

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

Specialty Racks

Equipto provides storage for all types of parts. Keep grinding wheels, spools, and even auto body parts on these unique, heavy-duty racks.

Disc rack

- V-Formed shelves with divider rods
- 6 shelves adjust 1 1/2" centers
- Divider rods are on 1" centers
- Ideal for grinding wheels and numerous disc shaped objects
- All items are easily accessible
- Size of unit is 84" high, 36" wide and 8 1/4" deep
- Up to 4 levels high

Description: Disc Rack

Part No. 879-7

Trim & molding rack

- Keep trim and molding horizontally
- 48 compartments
- Keep valuable trim and molding pieces organized and out of harm's way.

Description: Trim & Molding Rack

Size : 48"D x 36"W x 84"H

Part No: 878-9

Wire spool rack

- 7-shelf reel rack adjustable on 1 1/2" centers
- Organize and retrieve wire, cable, chain, hose, rope or tubing
- Holds reels up to 16" in diameter
- V-shaped shelves with center rod
- Fiberboard on shelves to deaden noise and prevent excessive uncoiling
- Spool rods are included

Description: Wire Spool Rack

Size: 8"D x 36"W x 84"H

Part No. 880-7

Design Benefits & Features

One-piece welded construction.

Drawer capacity of up to 400 lbs.

Highly-durable, attractive finishes.

Tempered steel drawer bearings.

High strength to weight ratio.

Space Utilization Advantages

High-density storage maximizes cubic space.

Stocking/retrieval of parts and tools is quick and efficient.

Work areas are clean and neatly organized.

Theft and slippage potential is reduced.

Market Applications

Automotive - small parts and service tool storage.

Maintenance - tool cribs and parts inventory.

Military - mobile cabinet applications, service/maintenance divisions.

Museum - small artifact storage and security

Modular Drawer Cabinets

Organize everything from the smallest hardware and jewelry to large motors and sporting equipment. Every heavy-duty Equipto Modular Drawer Cabinet is engineered and manufactured with exacting precision for years of rugged use. The optional lock keeps your items secure. Utilize "more than one drawer accessibility"

Industrial, Military, Educational, Institutional, Automotive; no matter what your application, Equipto modular drawer cabinets save space, time and money!

Applies to 30" and wider cabinets

- Organized
- Fast retrieval
- Save time
- High density
- Rugged 12 gauge steel frames
- Up to 400 lb. drawer capacity
- Protect valuable tools
- Centralized control of equipment
- No assembly
- Custom units
- Cabinet lock and key are optional (pg. 62)

Each drawer is ribbed and slotted (3/4" centers) over the length and width of the drawer. Convenient numbered spacings simplify installation of partitions, and label holders permit quick identification of drawer contents. When fully extended, 100% of the drawer clears frame to allow unobstructed viewing of entire drawer contents. The interchangeability of drawer partitions and dividers permits changing drawer interiors easily - as you need to, and in unlimited patterns.

10-gauge side channels form a solid rail for mounting drawers.

Two positive-gravity stops riveted to each drawer carriage.

Adjustable channels permit flexibility in drawer arrangements and heights.

Independent, full extension carriage for each drawer; when fully extended, 100% of drawer clears frame.

"Z" shaped tracks on drawer edges are welded and wrapped under drawer bottom for superior durability.

Drawer suspensions glide on 6 ball bearings and 4 steel idler rollers to assure smooth, easy operation.

An integral fork lift base consisting of two 1 3/4" x 6" lifting channels arc-welded to the frame itself, permits inserting truck forks into wide channels for safe, easy transport of cabinets - even when fully loaded!

Anchor bolt

These bolting options allow you to anchor a modular drawer cabinet to either concrete or wood floors.

Part No.	Description
MDC-CFAK	concrete anchor bolts
MDC-WFAK	wood anchor bolts

MDC-CFAK

MDC-WFAK

Note: Newly designed 36 7/8" drawers with enhanced 200-lb. and 400-lb. drawer slides no longer include carriages.

22¹/₂" Wide Modular Drawer Cabinets

- 200 lbs. capacity per drawer (for 400 lb. capacity option contact Equipto)
- Smooth, quiet drawer operation
- One piece welded frames
- Fork lift channels on base of cabinet
- Each unit includes 2 lifting base covers (218909F)
- Cabinet lock and key are optional (pg. 62)
- Electrostatic dissipative paint available
- 27³/₄" deep
- Drawer interior useable dimension is 18³/₄" W x 25¹/₈" D

Customizing a Modular Drawer Cabinet

22 1/2" Wide Modular Drawer Cabinets - Components

To customize an Equipto Modular Drawer Cabinet, first select a housing from the following options:

29" High, 33 1/2" High, 38" High, 44" High or 59" High

Housings

Part No.	Height	Points	Total Drawer	
			Height Value	Door Kits Part No.
4269	29"	80	24"	4269H - SWD
4279	33 1/2"	95	28 1/2"	4279H - SWD
4228	38"	110	33"	4228H - SWD
4289	44"	130	39"	4289H - SWD
4299	59"	180	54"	4299H - SWD

All housings are 22 1/2" Wide & 27 3/4" Deep, 200 lb. Capacity

Lock-in feature
RH Only (Add RH to Base Part Number – Ex: 8623-10 = 8623RH)

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

Select The Drawers You Want To Put In The Housing.

(Keeping in mind the simple point system, in which the summation of the individual drawer points must equal the total points for the cabinet housing.)

Interior useable dimensions on all drawers is 18³/₄" W x 25¹/₈" D

Drawers (200 lbs. Capacity per drawer)

Part No.	Part No.	Part No.	Part No.
8623-10	8624-15	8625-20	8626-25

Customizing a Modular Drawer Cabinet
30" Wide Modular Drawer Cabinets - Components

To customize an Equipto Modular Drawer Cabinet,
 first select a housing from the following options:

29" High, 33¹/₂" High, 38" High, 44" High or 59" High

Housings

Part No.	Height	Points	Total Drawer Height Value
4439	29"	80	24"
4429	33 ¹ / ₂ "	95	28 ¹ / ₂ "
4238	38"	110	33"
4409	44"	130	39"
4419	59"	180	54"

All housings are 30" W & 27³/₄" D

4439

4429

4238

4409

4419

(4419PTF has holes
 punched in top to stack
 a smaller cabinet. Use
 stacking hardware 7751-4.)

Lock-in Lock-out feature

RH and LH (Add RH or LH to Base Part Number – Ex: 8623-10 = 8623RH)

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

Select The Drawers You Want To Put In The Housing.

(Keeping in mind the simple point system, in which the summation of the individual drawer points must equal the total points for the cabinet housing.)

Drawer interior useable dimension is 25¹/₈" W x 25¹/₈" D

Drawers (400 lbs. Capacity per drawer)

Drawer divider options

*36⁷/₈" wide pre-engineered modular drawer units are also available with either all D, E, F or H divider kits.

To order, change "D" in part number to desired divider kit letter. ****Above units feature Quiet Ride™ 200 pound capacity drawers.**

To order Heavy Duty 400 pound capacity drawers, replace "N" with "H" in catalog number.

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

Customizing a Modular Drawer Cabinet

36⁷/₈" W x 19" or 25" D Modular Drawer Cabinets - Components

To customize an Equipto Modular Drawer Cabinet, first select a housing from the following options:

**29" High, 33¹/₂" High, 38" High,
44" High or 59" High**

Housings 19" Deep

Part No.	Height	Points	Total Drawer Height Value
4309-18	29"	80	24"
4319-18	33 ¹ / ₂ "	95	28 ¹ / ₂ "
4359-18	38"	110	33"
4329-18	44"	130	39"
4339-18	59"	180	54"

Useable drawer space is 31⁷/₁₆" W x 16³/₈" D

Housings 25" Deep

Part No.	Height	Points	Total Drawer Height Value
4309-24	29"	80	24"
4319-24	33 ¹ / ₂ "	95	28 ¹ / ₂ "
4359-24	38"	110	33"
4329-24	44"	130	39"
4339-24	59"	180	54"

Useable drawer space is 31⁷/₁₆" W x 22" D

All housings are 36⁷/₈" Wide & 19 or 25" Deep

4309-18/4309-24

59"	4103-59	53 1/2"

Pad lock or locking device not included.

Plastic bins

Sturdy, plastic bins fit neatly into modular drawers to make counting, sorting and dispensing operations easier, more efficient.

Note: For conductive plastic bins and quarter trays, add C to part number.

Quarter trays

Quarter trays of molded plastic have 20 or 35 compartments to fit inside modular drawers to hold small parts and supplies.

See sizes and Part No. 10120 and 10121 in the chart to the left.

Trays are actually black, but shown in color for depth.

Modular Drawer Cabinet Accessories Continued

All partitions and dividers are smooth office gray in color

Individual dividers

To further expand the possibilities in creating your own drawer design, we offer a variety of individual dividers. Use them with front-to-back partitions to make compartments of all sizes.

Spaces across drawers:

- 22 1/2" W — 24 spaces,
- 30" W — 32 spaces,
- 36" W — 40 spaces,
- 45" W — 48 spaces,*
- 60" W — 68 spaces*

*Requires one extra partition per drawer

Dividers

Width	For 3" High Drawers	For 4 1/2" High Drawers	For 6" High and Larger Drawers

12 11/16" (16 spaces)	8839	8849	8859

Electrical power center

Compact, with 4 outlets, On-Off switch, 15 Amp breaker, 15ft. cord with ground. Easy to install where you need it.

Power Center #229-4

Leveler Kit

Part No. 10067 - 2 per lift channel required

Equipto announces a leveling feature for modular cabinets. Developed for applications where floors are uneven, the leveling device provides 5/8" of vertical adjustment with a 15-degree swivel foot offering optimum stability. Rated at 1,500 lbs. of static loading, each leveler can accommodate the most stringent loading requirements.

Partitions

Ribbed and slotted partitions fit neatly into drawers, running full depth of drawer from front-to-back or full width from side to side. Adjustable in 3/4" increments, they may be used alone, or with dividers. Metal screws supplied for fastening to drawer bottoms. Since 30"-wide drawers are symmetrical, partitions may also be used from side-to-side.

Full depth partitions (front to back)

Hardwood top	
30" D x 60" W	441-5W
Ships knocked down	

Order modular cabinets to compliment shelving. Here are typical arrangements. Many more are possible.

- Heavy steel counter units engineered for simple assembly in continuous rows, or easy combination with modular drawer cabinets.
- Ideal for factory issue areas, warehouse or workshop.
- Provides continuous counter space with shelving
- Cabinets come with middle shelf 57" long
- Shelf has capacity of 1000 pounds and adjusts on 1¹/₂" centers
- Optional counter tops available
- Use with modular drawer cabinets to have parts readily available
- See pg 62 for hardware for securing side-by-side cabinets
- Stacking kit 7751-4

Depths and widths are engineered to match up perfectly with modular drawer cabinets. Choose shelving units 33¹/₂" 44" or 59" high, with adjustable shelves (1¹/₂" centers) of removable, ribbed decking. Each shelf offers over 1,000 lbs. capacity for heavy, bulk loads.

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

FOD/Heavy Duty Mobile Tool Control Cabinets

Mobile Tool Control Cabinets consist of a single, double or triple modular unit with forklift tubes and a caster base. Can be towed or moved with a forklift. Select from four available tops. Drawers are furnished in eight standard heights and have a 400 lb. capacity. Thumb latches are equipped for safety during transportation. Includes frame, base, casters, top and handle only. Order drawers on pg. 48 and 49. Available drawer height value is 28 1/2"; 95 points.

- Flush doors available in four heights
- Single, double and triple shadow boxes offered
- Lexan panels provide visibility to shadow boxes
- Sliding door frame has roller bearings and lock
- Stainless steel pull handle
- Heavy duty polyurethane tread casters with sealed roller bearings
- Use for foreign object damage (F.O.D.) applications

Shadow box units

Part No.	Description
4195	Type "1" Single Vertical Display 15"D x 30"W x 30"H
4196	Type "2" Double Vertical Display 15"D x 60"W x 30"H

Box is 24 3/8"D at Base.

Foam Inserts

Part No.	Description
010099-1	for 30" wide drawer
010099-2	for 45" wide drawer
010099-3	for 60" wide drawer

Customize your foam inserts to highlight removed tools and help improve tool accountability.

Foreign object damage cabinets

F.O.D. Workstation 30"D overall

Includes frame, base, casters, top and handle only. Order drawers on pg. 48 and 49. Available drawer height value is 28 1/2"; 95 points.

Tool Cabinets

Modular Tool Cabinets offer the ability for different storage uses within the same cabinet. With the options including drawers, a door, and a shelf, the uses for a tool cabinet are limitless. Featuring 400 lb drawer capacities, multiple hard top surfaces to choose from, and the ability to add casters for mobility, a tool cabinet is the perfect choice for any application.

- Standard brushed aluminum handles with black end caps
- Single lock system for all drawers
- Doors are keyed differently

Tool Cabinet configurations

Add "M" at end of Part No. to make the unit mobile. Mobile units includes lock-in/lock-out feature, casters and push handle. Cabinet locks are included.

Stainless Steel Top	MDCC-60S
Double Bank Cabinet Lock	4101DB

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

Drawer Options

See page 132 for Tool Holders

Support Brackets for Modular Drawer

Modular drawer support brackets attach easily to side panels of any EQUIPTO modular drawer to permit up to four loaded NC tool trays.

Modular Drawer Option

For larger NC tools with greater height than can be accommodated in standard module drawer cabinet units, simply order "open" cabinets and add drawers as needed. Swinging doors provide a finished appearance, plus single-lock security for contents.

Design Benefits & Features

Simple, effective, safe.

Hundreds of combinations available.

Stack cabinets for maximum storage capacity in smaller areas.

Smaller units can be hung or stacked anywhere.

Smooth-rolling cart casters, swivel and rigid.

Durable and versatile drawers.

Space Utilization Advantages

Convenient, attractive, secure storage.

Ideal for storing parts near required areas or quickly moving tools, parts, and supplies.

Broad selection of sizes and divider configurations to offer exact storage solutions.

Market Applications

Automotive - service, parts, office, supplies and display.

Education - office, supplies and maintenance.

Healthcare - maintenance, office and supplies.

Maintenance - service, parts and supplies.

Manufacturing - work cells, maintenance, office and supplies.

Military - office, supplies, service, maintenance, and parts.

Retail - display, office and back room storage.

Museum - small artifact and supply storage.

Shelf Drawers

Little gem shelf drawers

An Equipto exclusive, Little Gem 1¹/₄" high drawers are more popular than ever. They're simply the most efficient way to store and retrieve small parts. Designed to stack and interchange with other drawers, Little Gem drawers and cabinets combine the best of Equipto quality and versatility for effective small-item organization.

Cutaway View

Type A and H drawers have "cash drawer" design for easy picking of tiny parts.

Type B drawers have a flat bottom with dividers

1/1B/1H

2/2B/2H

3/3B/3H

6/6B/6H

15/15B/15H

Type A drawers feature 8 dividers (adjustable every 19/16") and a total of 12 curved-front compartments.

Type B drawers feature 16 compartments with 6 adjustable (1³/₄" centers) dividers.

Type H drawers are built like Type A, but 17" deep with 6 rows of compartments. Total of 18 compartments.

All little gem shelf drawer dividers are a galvanized steel.

Units supplied with 2 dividers per drawer.

Note: The above cabinets fit all makes of 36" wide shelving.

Drawers have a bright plated finish on handle (not shown)

Drawers on this page will fit any shelving on 4 1/2" centers and all makes of 36" wide shelving.

31/8" High shelf drawers

One-piece construction with curved handle, reinforced fronts; label holders (full-width on fronts) on both drawers and dividers; embossed bottoms for easy sliding; front and rear drawer stops for pull out, tilt down part retrieval. Insert individual drawers and small cabinets in shelving; stack cabinets high and wide — along walls — back-to-back for partitions — or in rows.

Hundreds of combinations are available for inserting drawers and drawer cabinets into existing shelving (individual drawers shown here.) For example, arranging #8539, #8563 and #8566 drawers in 8-across, 4-across and 3-across patterns converts 36" wide shelf to clean, safe drawer units. Create in-shelf drawers wherever you need them, without replacing existing shelving.

31/8"H Individual drawers

36"	18"	54	162	8540	1854

Units supplied with 2 dividers per drawer.

Drawer cabinets 43 1/8" and 84" high furnished with white side and back panels.

45/8" High shelf drawers

Equipto construction is strong enough for smaller units to be hung or stacked anywhere.

Larger units form convenient countertop work surfaces or efficient wall systems.

Consider these quality Equipto features; sturdy, one-piece construction with top 2" double thickness steel; built-in, curved handle with full-width label holder; drawer stops both front and rear; adjustable, lock-in dividers with label holders.

Then consider versatility: Insert single drawers and smaller, welded-frame cabinets (34¹/₈" width) directly into shelving. Stack or hang shorter cabinets anywhere. Use taller units, as free-standing structures.

Insert drawers into your existing shelving in various combinations, #8561 (6-across), #8564 (4-across) and #8567 (3-across) illustrated here. Drawers and small cabinets fit easily between uprights and sit securely on shelving.

Pick Racks

- One bin fits drawer units and open Pick Rack.
- Go from stock to sales area just by exchanging bins.
- Rearrange displays in moments.
- Contents are completely visible.

NOTE — Pick Rack bins, except Little Gem, are less dividers.
Order dividers, if required, from drawer pages 70 to 73. All drawers are 11" deep.

30536

Put your parts and products where the action is: near the assembly line, at the point of purchase, wherever quick access is needed for sales or production. Parts and products can be put in a bin as received, stocked in cabinets, brought to the point of use, and leftovers returned to stock - all without ever leaving the original bin

To remove bins, lift front up.

Mobile base kit

Steel panel base 30" x 36⁵/₈" has 4 swivel casters on corners and 2 rigid casters in center to hold two pick racks placed back to back for easy movement and pivot around tight corners. Order Pick Racks with bins at right. Part No. 1186

Design Benefits & Features

Modular design facilitates easy assembly, allowing future reconfiguration and expansion.

Mobile carriages are rated to carry a maximum of 1000 lbs. per linear foot.

Mechanical-assist controls enable operator to move 10,000 lbs. with minimal effort.

All-track drive ensures uniform movement of carriages.

Modular platform provides for re-leveling rails after installation.

Accommodates all versatile V-Grip shelving and rack components.

Space Utilization Advantages

Avoid the cost of new construction by doubling storage capacity in the same footprint.

Free valuable floor space for other operations without sacrificing storage capacity.

Integration with V-Grip maximizes flexibility to store small and bulk items together.

Market Applications

Manufacturing - maintenance, parts, supplies, R&D, tool room.

Automotive - archival records, parts departments.

Healthcare - pharmacy, maintenance, supplies, radiology.

Education - athletic equipment, maintenance, supplies.

Military - parts/supplies, maintenance, vehicle service, flight maintenance, weapon racks.

Law enforcement - property and evidence, supplies, uniforms.

Retail - backroom storage, supplies.

Museum - artifact storage and security.

Mobile Aisle Systems

Equipto's mobile aisle system combines the benefits of high-density storage with the flexibility of V-Grip Shelving, modular drawer and bulk rack. By reducing the number of

access aisles, you can save as much as 50% of your floor space or double your storage capacity in the same space you are currently using.

A. Bulk rack beams
provide storage levels
up to 96" in length.

B. Wire shelves
Keeps a clean look while providing
optimum flow of air and light.

C. Modular drawers 18"D & 24"D
in 48 standard sizes and 200
or 400lb. capacity.

D. Manual drive system
grab and pull function.

E. Ramp
available in standard 12" or 24"
to accommodate ADA requirements.

F. Modular platform
surface mounted, leveled tracks
and choice of decking.

G. Open/Mechanical style drive column
cost effective while providing greater visibility
of items stored in the mobile aisle system.

H. Closed/Mechanical style drive
requires a minimal effort to move
10,000 lbs. of load.

I. Heavy duty wire or solid shelves

J. Fixed Carriage (not shown)
are mounted directly to the tracks or put
on the floor using raised foot brackets.

Mechanical assisted systems

Mechanical assisted system utilizes a driveshaft/gear chain arrangement to permit easy movement of heavyweight loads. Carriages are operated mechanically by means of an exclusive ergonomically designed hand wheel which prevents snagging clothing. It requires less strength and energy to operate. It's as easy to turn as the power steering in your car.

A locking feature can be added for extra security.

Designing your Mobile Aisle System

Every Mobile Aisle is a customer specific engineered product. A basic sketch of the area and mobile aisle system should be provided, indicating the overall dimensions of the area or room, including doorways, columns, and other obstructions.

Please provide basic size and shelving requirements to ensure accurate quoting.

Please contact Equipto to have a specific unit built to fit your needs.

1st - Identify your available space and select your carriage size, decking, and shelving

Select the appropriate carriages by width and length

You have 3 options:

- Fixed Carriage
- Manual Mobile Carriage
- Mechanical Assist Mobile Carriage

All Carriages

Available Lengths: (in feet)

3', 4' and 6' to 36' - not available in 5'

Manual Carriage does not exceed 12' length

Available Widths:

- Fixed Carriage
12", 15", 18", 24", 30", 36", 48"
- Manual Carriage
18", 24", 30", 36", 48"
- Mechanical Assist Carriage
18", 24", 30", 36", 48", 60"

Decking

Mobile Aisle Units offer two decking options:

- Tuffdeck (standard option - shown in image below)
- Plywood

Shelving

Please refer to V-Grip Shelving starting on Page 5 for options.

2nd - Select your Drive Panel

Available Styles: Open and Closed - Open Style Drive Panel is the default selection.

Open/Mechanical Drive Panel

Steel Only

Available widths:

18", 24", 30", 36", 48", 60"

Height:

55"

Closed/Mechanical Drive Panel

Steel or Laminate

Available widths:

18", 24", 30", 36", 48", 60"

Height:

Steel: 60", 78", 85", 90"

Laminate: 78", 85", 90"

60" widths are only available in 85" heights.

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

Select your Drive Panel - cont'd

Fixed Drive Panel

Steel or Laminate

Available widths:

12", 15", 18", 24", 30", 36", 48"

Height:

Steel: 60", 78", 85", 90"

Laminate: 78", 85", 90"

Manual Drive Panel

Steel or Laminate

Available widths:

18", 24", 30", 36", 48"

Height:

Steel: 78", 85", 90"

Laminate: 78", 85", 90"

Drive Shaft End Covers

Available Widths:

12", 15", 18", 24", 30", 36", 48", 60"

Note: Finished End Covers are an inexpensive option to add-on to the end of the carriage to cover mechanical components (drive shaft) extending beyond carriage. This part can be used in place of an end panel but **WILL NOT** cover the shelving ends.

***Available for Fixed Carriages or opposite end of Manual or Mechanical apps.**

Mobile Aisle Systems - Accessories

Anti Tip Brackets

Available Widths:

18", 24", 30", 36", 48", 60"

Use this guideline to determine if anti-tip brackets are required:

18" wide carriage - use if shelving height is over 48"

24" wide carriage - use if shelving height is over 72"

30" wide carriage - use if shelving height is over 96"

36" wide carriage - use if shelving height is over 120"

48" wide carriage - use if shelving height is over 168"

Use the following guideline to determine the quantity of anti-tip brackets needed:

One Required per Mechanical / Manual carriage 3'-6' in length

Two Required per Mechanical / Manual carriage 7'-24' in length

Three Required per Mechanical / Manual carriage 25'-36' in length

Raised Foot Brackets

For fixed carriages located on the floor.

Raised Foot Bracket - Order 2 per track.

Hardware for Brackets - Order 2 per bracket.

Sprocket Options

Heavy load sprocket option

Fast travel sprocket option

Bumper extensions

Deck Skirting

Available Length: 6'

Note: Deck skirt covers the exposed areas at the end of the track. The skirts attach to the decking and are manufactured in 6ft. sections. The last section is cut to length in the field to match installation requirements.

Locking Options

3 options:

Normal or Keyed Alike

Track Base Lock - Keyed lock located on the carriage base, locking into the track. This is the only lock that can be used on manual carriages.

MOBLOCK - Keyed panel lock to secure carriage.

Available upon request. Typically used in last carriage.

Users can collapse the system, lock the last carriage, and the entire system is secured (must use closed-style shelving).

Ideal for high-security items.

Panel Lock - Safety Feature used to lock hand wheel before entering an aisle.

Included with each mechanical drive panel (Not Keyed).

Panel lock shown in photo to the left.

Motorized Pallet Rack Mobile Aisle System

- Fully motorized operation including safety sensors
- Rows up to 50' in length
- Capacity up to 75,000 lbs. per row

Weapons Mobile Aisle System

Mobile aisle system configured to use weapons storage cabinets
(see pages 137-138)

Clubstor® Specialized Golf Club Storage

Clubstor® is the premier golf bag storage system. It was developed to offer space saving solutions for country club bag storage rooms. With over 30 years experience and over 500 installations worldwide, Clubstor® is your golf bag storage solution! Clubstor® products are backed with a structural lifetime warranty to the original purchaser. We make every effort to provide you with the best service and highest quality products to meet your specific needs.

Stationary Units

- Stores 67% more bags in the same space.
- Drastically reduces golf bag retrieval time.
- Provides optimum ventilation to eliminate mildew.
- Middle shelf is adjustable in height, up or down, to fit difficult storage situations.
- Fabricated from all prime steel construction, with no wood components.

Single Sided, 2 Tier Clubstor® (82"H)

Part Number	Depth x Length	Weight
370-1240	15"x50"	97 lbs.
370-1260	15"x60"	109 lbs.
370-1270	15"x72"	123 lbs.

Design Benefits & Features

Modular, free-standing, assembled platform.

Wide variety of decking options.

High capacity, 125 lbs. per square foot.

Rugged coating/coordinating colors.

Integrates with all Equipto systems/accessories.

Designed according to OSHA, BOCA and IBC guidelines.

Space Utilization Advantages

Increase space by at least 100%.

Easy to reconfigure, move or expand.

Avoid expensive construction.

Maximize space floor to ceiling and wall to wall.

Market Applications

Automotive - large and bulk parts, supplies, archives.

Education - athletic equipment, supplies, and maintenance.

Healthcare - supplies and maintenance.

Maintenance - tool cribs and parts inventory.

Manufacturing - warehouse, archival, parts/supplies and maintenance.

Military - service, maintenance, and parts/supplies storage.

Retail - display areas and backroom storage.

Platform

Need more space, but don't want to move or add on?

Double or triple your floor space with Equipto pre-fabricated Platforms! These rugged elevated floors, walkways and stairways add valuable area where you need it, at a fraction of the cost of acquiring new buildings. Because of their modular design, Equipto platforms are economical, quickly installed and can even be re-configured on your premises as your requirements change. They are designed to integrate with other Equipto products to provide one-source space savings that are custom tailored for your individual application. Every place from aircraft hangars to warehouses to factories will benefit from the space saving solutions provided with Equipto platforms!

- Double floor capacity
- Modular design lets you add units as needed
- Cost-effective
- Customized solution to the problem of limited space
- Less expensive than leasing or Construction
- Move them within your facility
- Relocation to other facilities is easy
- Prefabricated for immediate use

1st - Design your Platform

Select your Platform module

1. Select Platform Module and Flooring.
2. Select Stairways and Platforms.
3. Select Railings, Drop Gates and Accessories.

Sketch and define specifications, then contact Equipto.

Please contact Equipto Inside Sales with a sketch and details of what you need, and we will customize

a Platform to fit your needs. Parts list and examples are for reference purposes only.

Seismic code conformity available upon request.

Generation IV Platform Selection Chart - Most Popular Sizes (must add flooring suffix – see below)

		Length →	4'	6'	8'	10'	12'	16'	20'	Platform uprights - triangular

Custom sizes available upon request.

6424 - Use with beams less than 16' long

6485 - Use with beams 16' and longer

NOTE: STANDARD LOAD CAPACITY IS 125LBS./SQ.FT. UNIFORMLY DISTRIBUTED (150LBS./SQ.FT. IN SEISMIC ZONE 0).

2nd - Choose Flooring

4 types to choose from:

Choose Platform Module:

PG - Perforated Steel Grating

SG - Solid Steel Grating

LD2 - No Deck, beams on 2' centers*

LD4 - No Deck, beams on 4' centers*

Platform Module Part Number + Suffix = Part No. Ex: 490812LD2

Anti-Skid Tuffdeck	Bar Grating	Perforated Steel Grating	Solid Steel Grating
			

*Platform floor options

With LD2 Modules: No Deck, Beams on 2' centers
Part No. Description

10217 Tuffdeck 4' x 8' x 1 1/8"

With LD4 Modules: No Deck, Beams on 4' centers
Part No. Description

10218 Tuffdeck 4' x 8' x 3/4" Use with RFD

10248PLY Plywood 4' x 8' x 3/4" Use with RFD

RFD 1sq. ft. roofdeck (for 3/4" Tuffdeck or Plywood)

BRG 1sq. ft. bar grating (no subfloor required)

Contact Equipto Inside Sales for fire retardant Tuffdeck.

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

3rd - Add Railings and Drop Gates

Generation IV Railing and Kick Plate
Rail posts are side-mounted to the platform beams and are available in 2-rail and 3-rail sections of 2', 4', 5', 6' & 8'.

Generation II Railing and Kick Plate
Rail posts (3" x 3") mount to the platform decking surface. Individual rail channels and kick plates are available in lengths of 30", 42", 45", 57", 69", 72", 90" & 93".
(these measurements do not include the posts).

Drop gates
Pivots upward - no floor space needed to operate gate.

Height	Gate Width	Part No.
42"	44"	78134G
42"	68"	78136G
42"	88"	78138G

Note: Gate 78138G is made up of two 44" frames.
One opens to each side.

Accessories

Extension posts and stacking brackets

Optional extension posts
Optional Extension Posts (Part No. 9510) permit adjustment of platforms in 2" increments up to 2 feet higher than standard to accommodate tall machines, additional Equipto products, or a sloping floor.
Order with original Platform to ensure that proper posts without footplates are provided. Four required for each Platform module.

Platform stacking bracket
Brackets (4 required) fasten upper and lower posts to permit double-decking of same-size platforms.
Part No. 7720 - 4" x 4" x 3"H

Drop gate requires clearance on one or both sides equal to the gates width.

Slotted Angle

Equipto Slotted Angle is the frontrunner in creating steel framing systems. Visualize it, cut it, then bolt it. Build structures to do exactly what you want them to do, with almost no limit to the number of ways it can be assembled.

Capacity (lbs.) per beam length

Configuration		2'	3'	4'	5'	6'	7'	8'	9'	10'

	with Stiffeners									
H.	J-Beams	15145	10097	7572	6058	5048	4326	3785	3366	2831
I.	I-Beams	20835	13890	10416	8334	6945	5952	5208	4629	4166

Note: Capacities in the Table above are for angle used as horizontal beams, in lbs. of distributed load. For load concentrated in center of beam, reduce capacity by 50%. Capacities are per pair of beams; All figures are in lbs. of steady load, with a safety factor of 1.67. For shock or lateral thrust, add braces as needed. Where shown, connecting stiffeners should not be spaced over 3 ft. apart. I-beams and other multiple angles should be bolted together every 12".

Description	Shipping Weight (lbs.)	Part No.
Bundle of 10 super duty angles 1 1/2" x 3" c x 12 gauge (.104"), 12' long	175	5712-10

Corner gusset
when used as corner brace, this 2" x 7 7/8" gusset adds strength and rigidity to slotted angle units.

Horizontal Capacities

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

Platforms

"Stack-of-Stairs"

Equipto can build a "stack-of-stairs" and platform landings to almost any height.

Contact Equipto Inside Sales for a quote!

	Description	Platform Width	Platform Depth	Floor Height	Part No.
A.	Platform for Straight			6'	970-06
	Through Use	48"	48"	8'	970-08
	Order 36" Wide Stairs			10'	970-10

	Left or Right	48"	48"	8'	970-08
	Order 36" Wide Stairs			10'	970-10
C.	Platform for 180° Turn			6'	971-06
	Order 36" Wide Stairs	96"	48"	8'	971-08
				10'	971-10

- Maximize space
- Double or triple capacity without sacrificing valuable floor space
- Building up is more economical and efficient than building out
- Solidly supported by welded uprights
- Precision engineered
- Significantly increased productivity and profits
- Prefabricated platforms designed according to OSHA, BOCA and IBC guidelines.
- 125 lbs. per sq. ft. of uniformly distributed weight.
- 150 lbs. per sq. ft. in seismic zone 0 only

Platform landing is used for straight through passage with stairway proceeding upward.

For a 90° angle, this platform landing configuration assembles either to right or left.

The 180° turn platform is used in tight areas to conserve space.

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

Pre-configured Mezzanines

Mezzanines

Need more space, but don't want to move or add on?

Double or triple your floor space with Equipto pre-fabricated mezzanines! These rugged elevated floors, walkways and stairways add valuable area where you need it, at a fraction of the cost of acquiring new buildings. Because of their modular design, Equipto mezzanines are economical, quickly installed and can even be re-configured on your premises as your requirements change.

- Double floor capacity
- Modular design lets you add units as needed
- Less expensive than leasing or Construction
- Relocation to other facilities is easy
- Prefabricated for immediate use
- 36" wide stairway to 4' x 4' landing

Contact your local Equipto Sales Rep to design a custom mezzanine platform!

Galvanized steel floor grating

Assures non-skid safety for high load capacities, with minimum deflection.

An exceptionally high strength-to-weight ratio makes it suitable for the most demanding jobs with unlimited versatility. Strong, fast to install, and available in sizes appropriate for everything from trench coverings to floors for entire Platform structures.

Part Numbers and stock sizes for Perforated Steel Grating

* For solid grating in these sizes only, add SG to Catalog No.

- Recommended for platforms, catwalks, and multi-level areas
- High strength one-piece channel construction
- Cutting marks are provided on 6" centers to simplify on-the-job measurements and cutting
- Perforated oval hole grating provides raised nubs for 360° traction and safe walking

Grating Splicer (pair)

Splicers connect two grating panels end-to-end, without having ends over supports.

Part No. 9549-2

Grating Anchor (close-up shown on right)

Dish-shaped Anchors permit recessed bolt attachment of hanging lights, etc., to decking.

Part No. 10315

Bolt and Nut are required for each grating anchor

Part No. 13194 (5/16" x 2" bolt)

Stair treads

For interior or exterior use, Equipto perforated grating stair treads provide sure traction and maximum rigidity. Exclusive, non-skid treads with 1 1/2" flange are self-cleaning and virtually maintenance free. Galvanized construction provides lasting, corrosion-resistant wear.

16162WS

Angle Cutter - 10213

Equipto angle cutter

One stroke makes a clean cut. Strong enough to make thousands of cuts through both Heavy and Super Duty angle. Top Blade Part No. 2711, Lower Blade Part No. 2710.

Stairways & Crosswalks

NEW Stairways, Ship's Stairs and Bridges

- New contoured hand rail and post design
- Over 200 sizes designed to meet or exceed OSHA, BOCA or IBC standards
- Galvanized steel stairway systems for safe, convenient access to all levels
- Savings to you in time and money
- Completely prefabricated for quick assembly
- One-third the cost of building your own unit from structural steel
- Adaptable to all types of installations
- Prefabricated for indoor or outdoor use, permanent or temporary
- Heights from 3' to 12' 3" with four tread widths available
- Non-skid, perforated, galvanized grating
- Stairways are hot dipped galvanized except for railings which come in safety yellow only.

NEW Hand Railing and Post

Landing Anchor Bracket (Supplied)

Pre-drilled, 3" to 4 1/2", for mounting stairways to landings.

Base Anchor Bracket (Supplied)

Pre-drilled, 3" bracket for mounting stairways at base.

36" 1536URC-M

48" 1548URC-M

Ideal for machinery repair, inspection or observation, Equipto Bridge Catwalks can be combined with stairways and ship's stairs to create structures. Versatile, pre-fabricated for easy assembly and engineered for maximum safety and performance.

- Catwalks feature rugged platform frames, 42" high safety railings and 4" high kickplates
- Choose ships stairs or stairways for access
- 3 pre-configured heights, multiple lengths with add-on units available

Note: Stairways and ship's stairs should be ordered equal to or narrower than catwalk width.

NEW Ship's Stairs and Bridges

Equipto's Ship's Stairs provide safe, multi-level access up or down to platforms, roofs, platforms, pits, trenches and wells. Extended hand rails and non-skid treads provide added safety.

- New hand rail design
- Ideal where space is at a premium
- Deep, non-skid treads provide firm footing
- Wide hand rails (2 1/2") extend 42" above top stair tread
- Coordinate with many other Equipto products

NEW Ship's Stairs

There is a 8" rise from tread to tread.
The tread is 1 3/4" in height.
The opening is about 6 1/4".
(space between steps)

NEW Crossover Bridges

Prefabricated crossover bridges provide safe walkways over conveyors, ducts, pipes and other obstacles. Use them for observation platforms - in plants or out in the field.

- Ready-made for fast assembly, no cutting or welding
- Galvanized, non-skid steps and platform
- Designed to meet OSHA standards
- Distributed load capacity of 125 lbs. per square foot
- 24" Stair Tread for Crossover Bridge does not meet OSHA standards

Design Benefits & Features

Electrical, fluid and air supplies in convenient locations

Wide selection on sizes and styles

High capacity tops and drawers

Continuous row assemblies

Wood, steel, stainless steel, laminate and ESD (anti-static) tops

Production boosters, mobile kits, drawers and locks

Space Utilization Advantages

Efficiently organize work areas

Tools and storage space are combined into one area

Ergonomic design increases productivity

Market Applications

Automotive - service, parts and office

Education - office and maintenance

Healthcare - labs, maintenance, and office

Maintenance - service and parts

Manufacturing - in-plant offices, work cells, and maintenance

Military - service, maintenance, and parts

Office - customer service, shipping/receiving

Workcenters

Equipto workcenters provide years of useful, rugged and efficient space utilization. Select from wall mount or free-standing units, with or without drawers, and the largest variety of accessories to take advantage of your work space. Equipto's extensive line of workcenters organize your work areas to make you more productive

- Modular Drawer Cabinet workcenters maximize storage density
- Closed and Pedestal Leg workcenters keep tools and parts out of sight
- Open Leg workcenters provide economical work space
- Tech Bench workcenters offer a modern answer for keeping reels, hoses, manuals and computer monitors neat and organized
- Equipto workcenters make flexible use of drawers and cabinets

Accessories allow you to tailor your workcenter to your exact requirements.

Mobile workcenters can be easily moved and configured to create a custom designed work area.

Closed leg workcenters give service bays a uniform, streamlined appearance.

Tech Bench Workcenters

The Equipto Tech Bench combines essential service facility equipment and Hi-tech storage functionality to organize every aspect of a technician's workspace

EQUIPTO TECH BENCH

Concealed reel holder compartments, sliding lift control drawers and retractable cabinet doors provide a professional, streamlined appearance.

Lift Control Drawer

Provides hidden compartment to mount the lift control power unit and easily slides out to provide quick and convenient access for servicing.

Lower Bench Cabinets

Neatly organize and conceal reel holders for air, water and lubricants behind removable sliding cabinet doors. Prevent dirt, trash and debris from collecting and obstructing reel unwinding and rewinding.

Monitor Enclosure

Offers eye-level storage compartment for service computer monitor. Retractable keyboard tray adjusts to individual user level and is center mounted under the monitor enclosure.

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

1st

Select the lower bench unit

Select the sliding door or removable panel lower bench configuration;

Available in 4', 5', 6', 8' and 10' lengths.

Stainless Steel Top - Preconfigured Units

16 gauge solid steel over wood core, wall-mount workcenter with a one piece top and integral backstop. Cabinets feature sliding/removable doors for storage or servicing of equipment. Includes knockouts for electrical outlets and hoses. (Electrical outlets and hoses not included). Standard cover plates are included, specialty cover plates are listed in the Optional Accessories section on page 99.

Tech bench lower bench cabinets do not include back panel since wall mount is assumed.

For free standing kits which include the back panel, see page 99.

Sliding door lower bench units

Part No.	Description
TBL10S-55DN	Includes two 60" sliding door bench units with a 10' stainless steel top - 120"W x 30"D x 28 ³ / ₄ "H

EquiptoBay Workcenters

Self configured tech bench systems

The EQUIPTO Bay is a modular Workbench system which can be preconfigured in numerous designs according to individual customer requirements.

All features can be used in a single or double bench setup. Please contact Equipto Inside Sales to build your bench today!

Features:

- Versatile Preconfigured Workbench Systems
- Lower Workbench provided with Sliding Doors or Reel Cabinets
- Stainless Steel Counters and Chaseway
- Lockable Double Bank Tool Cabinets
- 200 lb. Drawer Weight Capacity
- Drawers lined with Rubber Protection Mats
- Tool Cart Lockers to Store and Secure Tools
- Tool Carts available with Optional Wheel Locks
- Adaptable to facility space restrictions
- Ease of installation and assembly
- Ability to relocate and modify for expansion
- Modular Design
- Various color options available

Benefits:

- Economical Standard Preconfigured Work Units
- Can be used in service, maintenance or production areas
- Provides a safe and organized work environment (OSHA)
- Ergonomic design
- Green Compliant

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

On 8' benches, the legs are on 6' centers. The top overhangs legs 1' on each side.

Pages 111 and 112 feature Accessories for these benches.

Flush locks not included. (Part No. 10405 for each drawer) or user supplied padlock.

Tops

Choice of 6 tops:

tempered hardboard bonded to 12 gauge steel;
plastic laminate (color: cloud spectrum); ESD
(anti-static, color: cloud spectrum - Not shown);
3/8" resin wood bonded to wood block core;
12 gauge (.104") steel; solid laminated hardwood.

For drawer specifications see pg. 111.

As many as 9 drawers (6 in the 4' unit) can be added to the 210 and 215 series benches.

Adjustable Height Iron-I Workcenters

Equipto's Iron-I workcenters are completely adjustable and are available in 2 depths and 4 lengths with over 35 varying leg heights! You can choose from 5 standard tops to customize to your specific requirements

- Adjustable height 26" to 44"
- Three-way adjustable shelf
- Electrical, air and fluid power knockouts on each leg
- Heavy-Duty cantilever leg design eliminates obstruction of corner leg design

IRON-I

Fully Adjustable

Leg heights from 26" to 44"
in 1/2" increments.

Adjust position

Shelf can be adjusted to be closer to front or back of bench.

Adjustable slope

Shelf can be sloped toward front or toward rear of bench.

Adjustable height

Shelf can be located in any one of 3 height positions.

Electric power

Each bench has knockouts for 8 electrical outlets. Knockouts are in both top and bottom of each leg.

Air or fluid power

Each bench has 4 knockouts for Air or Fluid power. Knockouts are in both top and bottom of leg.

Optional levelers

Each bench leg can be equipped with an optional leveler to achieve exact height and level needed. Part No. 11650-04

Pages 111-113 feature Productivity Enhancements for these benches.

Adjustable Height Iron-I Workcenter - Preconfigured Units

- Lower shelf adjusts to three heights and tilts front or back to fit your application
- More than 450 pre-configured options
- Back and side rails keep parts on top of workcenter
- Adjustable from 26" to 36" or from 34" to 44" in 1/2" increments to meet your exact height requirements
- Aerial shelf adds space for increased productivity
- Depending on type of top, workbench will support up to 1,800 lbs.

Teardown Bench

Teardown Bench features and benefits

- Ideal for working on transmissions, small engines and hydraulic components
- Reinforced work surface will stand up to years of heavy use
- Top has a 3/4" high retaining lip on all sides tapering to the rear center to a 1/2" threaded and plumbed drain
- Optional caster kit consists of 4 swivel 7 1/2" H casters
- 1/2" threaded drain nipple allows for connection of a hose to divert fluid to a storage container; or capture fluid with an optional fluid container kit

2303DT shown with optional fluid container, drawer kit and shelf.

Equiptoflex Workcenters

This is the most flexible technical workcenter available. Designed ergonomically for the 21st century, it changes with you. Three sizes of cabinets, four sizes of drawers, four sizes of doors and six choices of work surfaces mean almost limitless design options for you. Add to

that, electrical legs, bottom shelves, locks, aerial shelves with or without electrical outlets, and Equipto cabinets, and seating, and you have a total, flexible, technical workcenter. One that adapts to your changing requirements!

- These attractive workcenters compliment and enhance other Equipto workcenters and modular drawers.
- 100% extension on drawers
- Hinged Doors
- Shelves
- Quiet Ride™ drawers
- UL approved fused electrical outlets
- ESD paint available
- 6 work surfaces from which to choose
- 100 lb. capacity per drawer
- Pre-engineered units
- Custom designed units
- Built-in label holder
- Optional unit locking mechanism
- Leveling feet

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

15" wide cabinets compliment your Equipto drawers by adding convenience and flexibility. Use them individually, on wheels or as flexible technical workcenters.

Design your own Equipto workcenter

1st Select cabinet frames and/or pedestal legs. Frames for 15" wide cabinets

Right Hand Bench Cabinet

Height	No Lock	Top Lock	Points.
33 1/2"	487NLR	487TLR	95
29"	486NLR	486TLR	80
24 1/2"	485NLR	485TLR	65

Left Hand Bench Cabinet

Height	No Lock	Top Lock	Points.
33 1/2"	487NLL	487TLL	95
29"	486NLL	486TLL	80
24 1/2"	485NLL	485TLL	65

Free Standing Cabinet (Not used with workcenter)

Height	No Lock	Top Lock	Points.
33 1/2"	487NLE	487TLE	95
29"	486NLE	486TLE	80
24 1/2"	485NLE	485TLE	65

Above units include leveling feet, and are 27 3/4" Deep
Caster kit available - #231

Pedestal legs (3" w)

Height	With Electric Outlets	Without Electric Outlets
24 1/2"	495EL	495NE
29"	496EL	496NE
33 1/2"	497EL	497NE

Includes leveling feet. Equipto workcenter with
2 pedestal legs requires Steel Modesty Panel.

2nd Fill cabinet frames with doors or drawers

Drawer Height	Part No.	Useable Height	Points
3"	541-10	2 9/16"	10
4 1/2"	542-15	4 1/16"	15
6"	543-20	5 9/16"	20
12"	547-40	11 9/16"	40

Door Height	Part No.	Useable Height	Points
12"	550L40*	12"	40
	550R40		
19 1/2"	553L65*	19 1/2"	65
	553R65		
24"	554L80*	24"	80
	554R80		
28 1/2"	555L95*	28 1/2"	95
	555R95		

* L & R indicate which side of cabinet has door hinge. The sum of the last 2 digits of the drawer/door selection must total the number of points associated with each cabinet size. Ex: 4 - #543-20 have 4 x 20 = 80 points, which fills cabinet #486.
Inside dimensions of drawers are 12" W x 25" D. Clear height 7/16" less than nominal height.

Note: Spacer channel #540-05 is required at top of cabinet when any steel top is used. Full cabinet height door may not be used.

3rd Add lower recessed shelf or panel (required).

Recessed lower shelf

Design Benefits & Features

Desk, wall-hung, counter and full height cabinets.

3-Point cabinet latch ensures security.

Rigid cabinet frame and sturdy hinges provide maximum durability.

Carts with capacity of up to 800 lbs.

Smooth-rolling cart casters, swivel and rigid.

Heavy duty, reversible cart trays.

Space Utilization Advantages

Cabinets provide convenient, attractive, secure storage.

Carts quickly move tools, parts, and supplies from storage to work areas.

Broad selection of cabinets and carts offer exact workspace solutions.

Market Applications

Automotive - service, parts, office, supplies and display.

Education - office, supplies and maintenance.

Healthcare - maintenance, office and supplies.

Maintenance - service, parts and supplies.

Manufacturing - work cells, maintenance, office and supplies.

Military - office, supplies, service, maintenance, and parts.

Retail - display, office and back room storage.

Museum - small artifact and supply storage.

Storage Cabinets

Flammable Liquid Storage Cabinets

Protect your personnel and your business

- Galvanized steel shelves and leveling legs
- Support up to 350 lbs.
- Internal and external welded construction
- 18 gauge steel reinforced double wall panel construction
- 2" raised leakproof sill
- 2" vent with fire baffle and cap
- Ground connection
- Lead-free high gloss baked on powder finish
- 3 point key lock doors
- Meet OSHA and NFPA code 30 specifications
- Self-closing models meet UFC 79

shipped assembled

Equipto flammable liquid cabinets help protect you from fire hazard. Use them for volatile liquids that need to be safely contained like:

- Alcohol
- Acetone
- Formaldehyde
- Gasoline

These cabinets can be conveniently placed wherever safe housekeeping procedures or ease of accessibility dictate.

Part No.	Description	Dimensions (W X D X H)	Weight
FSC15S	15 gal two door self-closing	43" x 18" x 22 1/4"	145 lbs.
FSC15M	15 gal two door manual close	43" x 18" x 22 1/4"	135 lbs.

FSC60SHELF	*Additional Shelf	31 1/4" x 31 1/4"	12 lbs.

*(2) shelves are needed per required additional shelf when adding to a 34"D x 43"W cabinet

Flammable liquid storage cabinets are safety yellow.

Storage Cabinets

Equipto storage cabinets feature a rugged construction and attractive design that make them perfect for any environment from shop to office. Choose from desk, counter and full height configurations to fit your exact requirement.

Cabinets are shipped knocked down, assembly required.

Door latch
Cabinet doors are equipped with a durable safety latch which allows smooth, quiet operation. All doors open with ease, yet close securely.

Cabinet frames
Crafted of sturdy steel, cabinet frames feature an advanced interlocking design for maximum strength and superior rigidity.

Door handles
Attractively designed handles are made of satin, chrome-plated steel. A 3-point locking device on door assures secure storage of contents.

Positive shelf lock
All shelves have a positive lock which slides into the opening and locks in place. Even with rugged use, cabinet shelves cannot be dislodged.

Three-point latches for security

Rigid frames and sturdy hinges.

Heavy gauge steel construction.

Smooth surfaces and graceful contours mean no protrusions to snag clothing.

Cabinet doors are reinforced.

Each unit is level and completely balanced.

Bases are recessed.

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

1714/1719

Combination Cabinet

Versatile unit with 5 shelves plus wardrobe area with rod and 4 hooks. Divider panel permits locating wardrobe on either side. Locking handles and key. **Extra shelves can be added.**

1712/1717

Wardrobe Cabinet

Spacious cabinet has a sturdy, metal rod and 4 hooks for hanging coats, plus a top shelf for personal items. Locking handles and key.

1710/1715

Spacious Cabinet

Rugged cabinet in 2 depths features locking handles and key and 4 adjustable shelves (2" centers). **Extra shelves can be added.**

1700/1705

Counter High Cabinet

Double-door cabinet has locking handles and 2 interior shelves. Use back-to-back; side-by-side; add extra shelves.

Available in two depths.

1730

Mobile Computer Cabinet

Equipto Mobile Computer Cabinets are designed to provide maximum protection for computer equipment from dust, metal shards and other debris. The locking, mobile cabinet keeps your expensive computer equipment clean and safe.

The Mobile Computer Cabinet is ideal for PCs, terminals and other computer peripherals on the shop floor, in any industrial environment, or where security issues are involved.

Outstanding features include:

- Front and back key-locked doors provide security while allowing easy equipment access to authorized personnel.
- Full door seals to keep dust, metal shards and other debris away from your equipment.
- Easy station-to-station mobility on four heavy-duty casters.
- Built-in fan and louvers for temperature control.
- Lockable slide-out keyboard and mouse tray.
- Heavy-duty slide-out printer shelf.

Part No.	Dimensions
ECWS-303069	30"W x 30"D x 69"H

Features:

- A) Scratch-resistant lexan monitor window
- B) Adjustable monitor shelf can hold up to a 21" monitor
- C) Lockable slide-out keyboard and mouse tray
- D) Adjustable slide-out printer shelf
- E) Accommodates desktop or full-size tower pc
- F) Sealed access doors to keep out dust and debris
- G) Louvers for increased air flow
- H) Full size lockable rear access door for easy accessibility
- I) 2 rigid & 2 swivel casters for easy mobility
- J) Built in air-intake fan with filter

Part No. 294

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

Literature Organizers

Keep literature and papers properly stacked with Equipto literature organizers. Adjustable vertical dividers give you the flexibility to configure the openings to your needs.

- Sort and organize forms, sales literature, computer printouts, photographs and legal and letter size stationery
- All steel construction
- Adjustable vertical dividers

Units are shipped assembled by LTL truck

The divider's front edge is hemmed and designed to drop into place through slots in the horizontal shelves. No sharp edges, clips, nuts or bolts.

Channel formed front edge provides ample room for a 3/8" high stick-on label.

Vertical dividers are removable to make larger openings
Each unit is shipped complete with enough vertical dividers to form a unit with the maximum number of openings.

Design Benefits & Features

Quality construction and integrated components.

Dozens of tray sizes and configurations.

Rigid frame and sturdy wheels provide maximum durability.

Capacity of up to 800 lbs.

Smooth-rolling cart casters, swivel and rigid.

Heavy duty, reversible cart trays.

Space Utilization Advantages

Convenient, attractive, secure storage.

Carts quickly move tools, parts, and supplies from storage to work areas.

Broad selection of carts offer exact workspace solutions.

Market Applications

Automotive - service, parts, office, supplies and display.

Education - office, supplies and maintenance.

Healthcare - maintenance, office and supplies.

Maintenance - service, parts and supplies.

Manufacturing - work cells, maintenance, office and supplies.

Military - office, supplies, service, maintenance, and parts.

Retail - display, office and back room storage.

Museum - small artifact and supply storage.

Carts

- Quality one-piece tray construction, tubular posts and handles
- 4" deep reversible steel trays with beaded edges for extra strength
- Smooth rolling 5" rubber casters two swivel, two fixed
- Optional welded drawer units provide extra capacity
- Ships un-assembled

NC Tool Handling System

Equipto presents a simple solution to the handling and organization needs of the modern NC machining center. Here is a specially designed system to speed transfer of costly NC tools, with dollar-saving protection at every step. Watch your turnaround time drop and machine downtime practically disappear with these sensible integrated components.

- Speeds your work flow as it protects your NC tool investment
- High-capacity, unitized steel frame with rugged handle
- 800 lb tool capacity
- Pre-set tools can be kept in their programmed sequence at all times
- Accessory end trays and shelf units provide space for auxiliary tools and supplies
- Recessed and angled tray handles for easy loading retrieval
- Everything is in clear view, organized and accessible
- NC tool trays can be secured in modular drawer cabinets or shelf units
- Transport to and from machining centers, sharpening/calibration stations, and tool rooms is simpler, safer and more efficient
- Two integral pallet channels permit easy fork truck handling of cart, empty or loaded
- Big, 5" wheels (two swivel, two stationary) allow smooth rolling on any surface

End Tray

Two shelf unit attaches to end of cart; shelf bottoms lined with rubber matting to protect tools.

Part No. 4111 - 14" W x 10" D for #4105 cart

Part No. 4112 - 24" W x 10" D for #4110 cart

NC Tool Trays

Width	Depth	Taper	w/Brackets	w/o Brackets	Use with
25"	6 ¹ / ₄ "	less than 60	4109	4108	30"W cabinets & carts
25"	7 ³ / ₄ "	60	4139	4138	30"W cabinets & carts

Support brackets (pair) Part No. 7666-2

Color	Size	To Fit (Shank)	Max. No. Per Tray	Part No.
Yellow	2 ³ / ₈ " x 5"	#40 Taper	10	4122
Green	2 ³ / ₈ " x 5"	#30 Taper	10	4123
Silver	2 ³ / ₈ " x 5"	40 millimeter	10	4120M40
Light Blue	3 ³ / ₄ " x 5"	2 ¹ / ₄ " Straight	6	4124
Orange	4 ¹ / ₂ " x 5"	#45 Taper	5	4121
Algae Green	4 ¹ / ₂ " x 5"	50 millimeter	5	4120M50
Hot Pink	4 ¹ / ₂ " x 5"	63 millimeter	5	4120M63

26"	27"	Three	4110-03
26"	27"	Four	4110-04
26"	27"	Five	4110-05

NC Tool Holders

Precision-molded of high-impact polypropylene, Equipto's shock-absorbing tool holders are virtually indestructible. They fit perfectly in trays, and lock in at a turn of the knurled thumbscrew. Choose straight or tapered shank styles coded in 10 bright identifying colors.

A standard color chart is available at the beginning of each section with a more detailed one on page 139.

Military Storage Systems

Design Benefits & Features

- Full height cabinets.
- Specially designed for weapons and military security.
- Rigid cabinet frame and sturdy hinges provide maximum durability.
- Capacities of over 400 lbs.
- Expandable and customizable.
- Heavy duty.

Space Utilization Advantages

- Cabinets provide convenient, attractive, secure storage.
- Internal components including shelves, saddles, bins and trays adjust on the fly.
- Broad selection of components offer exact storage solutions.

CONNEX Modules

An EQUIPTO Connex Module is designed to organize your storage container, however, that does not limit your use. When you are finished using the Connex Module in a storage container, you can easily relocate the Module for additional storage into Bench Stock, Parts Room or a Tool Room.

Once you have decided where to install the Module, EQUIPTO offers endless opportunities to expand your storage horizons. Looking for additional storage capacity in the same area, your Connex Module can evolve into a Deck-over Mezzanine Structure or a High Density Mobile Aisle Storage System.

Before

After

All Modules are 20' long with shelving units at a depth of 24" and a height of 90"

SATS Insert Storage System

Years of working with Army Tool and Parts Room Managers has led to development of EQUIPTO's SATS Insert Storage System. Our system incorporates all the advantages of the SATS now in a user-friendly housing system that all shop personnel will appreciate.

Name	Part No.
SATS CORE	1007D350-SC
MOD 1	1007D250-SM1
MOD 2	1007-SM2

Completely modular — procure for only Core Set or Full Set with Mods 1 & 2 (individually or as they are added to shop books)

More manageable — two inserts per drawer

Military grade drawers — 400 lb. capacity

Seamless integration with Tool and/or Parts Room

Weapons Cabinets

Weapons Cabinet

SPECIFICATIONS:

- 84"H x 36"W x 15"D; weighs 465 lbs
- 14-gauge all-welded steel construction
- Patented saddle system for 24 rifles
- 12 large bins with removable dividers
- Low profile handles
- Louvered back panel for full adjustability
- Bi-fold doors with 9-point locking system
- Grey textured powder coat finish

Combined Weapons/Crew Cabinet

SPECIFICATIONS:

- 84"H x 36"W x 15"D; weighs 465 lbs
- 14-gauge all-welded steel construction
- Low profile handles
- Louvered back panel
- Bi-fold doors with 9-point locking system (accepts standard padlock)
- Patented saddle system for 4 crew-served weapons and 12 rifles
- Three adjustable shelves
- Textured grey powder coat finish

Fast Box – Large or Dual Weapons

SPECIFICATIONS:

- 47.25"W x 6.5"H x 13"D; weighs 47 lbs
- 14-gauge all-welded steel construction
- Electronic push-button lock with key override
- Black textured powder coat finish
- Three point locking system
- Full-length piano hinge door
- Louvered back panel

Fast Box – Single Weapon

SPECIFICATIONS:

- 40"W x 6.5"H x 13"D; weighs 42 lbs
- 14-gauge all-welded steel construction
- Secures a firearm up to 39.5" long
- Electronic push-button lock with key override
- Two adjustable lie down straps with clip
- Black textured powder coat finish
- Three point locking system
- Full-length piano hinge door
- Neoprene padding

Weapons Storage Systems

Pistol Peg

High density keeper with coated pegs store eleven 9mm pistols each.

Gun Stock Base

Interlocks to properly support two butt stocks within a tiered channel.

Storage Tray

Heavy duty tray designed to utilize valuable real estate behind weapons.

Upper Weapon Saddle

Patented upper single saddle adjusts to properly support any firearm at the barrel, rail or magwell.

Single Gun Stock Shelf

Works with upper saddle to secure a single long gun for cascading storage. Allows overlap of longer guns for high density storage.

Magnetic Hook

35 lb. holding capacity.
Store barrels, bags and gear.

Small/Medium/Large Bins

Adjust throughout rack with removable divider.
