Success Story at Edgewood Country Club, NJ

Clubstor by Equipto is pleased to announce another successful installation at Edgewood Country Club in River Vale, NJ. Edgewood Country Club sits on two pre-Revolutionary farmsteads that proudly boasts a rich history. In the early 1940s, the land was converted to a twenty-seven hole golf course that spans over 300 acres.

Edgewood Country Club contacted Clubstor during the renovation of the 200+ year old carriage house, tasking us to help solve their 480 golf club baggage storage needs. Working together on the clubs vision and needs, we quickly accomplished a suitable design. Our factory trained Equipto Installation team was able to install Edgewood's new storage unit in a few short days, resulting in a system that easily stores their members' bags, gliding effortlessly with our mobile carriages, that are adjustable to meet different bag heights, club lengths with both Adult and

youth sets.

PGA Las Vegas Show- August 15th-17th

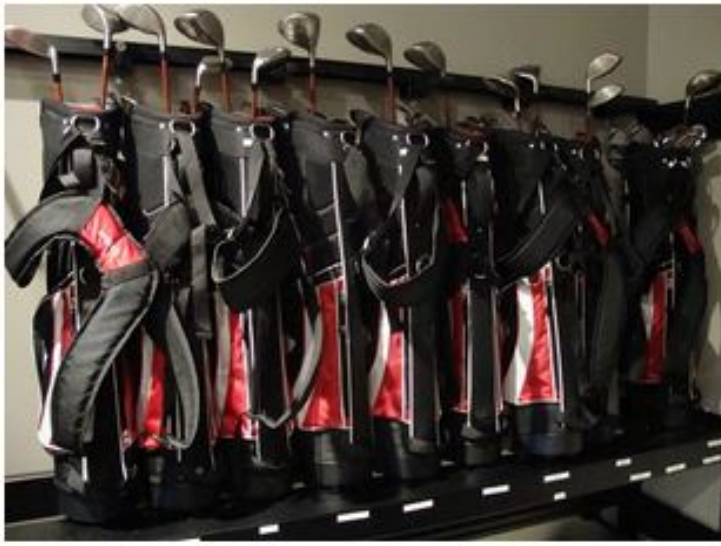

Come see us that the **PGA Fashion & Demo Experience August 15th -17th** at the Venetian Hotel. [Clubstor by Equipto](#) will be at **booth 425** where we will be displaying our Clubstor Golf Bag Mobile Storage System.
